Ccrp Exam Workbook Pramod Lad, 2018-10-09 Clinical research management including the management of clinical trials is a complex activity involving several different individuals with varying educational and professional backgrounds. Research investigators, clinical research coordinators, research nurses, monitors, IRB staff, regulatory personnel, to name a few, all play an important role in clinical trial and clinical research management. The Society of Clinical Research Associates (SOCRA) provides an important forum for the education and training of clinical research professionals. A significant component of this training is the certification exam which results in the CCRP Certified Clinical Research Professional designation. This designation is particularly important to clinical research coordinators and research nurses who provide the main site associated support for clinical trial and clinical research management. The certification serves as an important milestone in career development and can assist clinical research coordinators in careers in both academic and teaching hospitals, CROs as well as within the pharmaceutical industry. The examination evaluates knowledge, understanding, and application of the conduct of clinical research and clinical trials involving humans. It tests the familiarity with the International Conference on Harmonisation Guideline for Good Clinical Practice (ICH GCP), ICH Clinical Safety Data Management Definitions and Standards for Expedited Reporting (E2A), the United States Code of Federal Regulations (CFR), and the ethical principles that guide clinical research consistent with the principles of the Nuremberg Code, the Belmont Report, and the Declaration of Helsinki. This workbook provides one tool for the preparation and study for the CCRP examination. The book addresses the key issues in ICH GCP federal regulations outlined in statutes including Title 45 part 46 Protection of Human Subjects, Title 21 part 50 Protection of Human Subjects, Title 21 part 56 Institutional Review Boards, Title 21 part 54 Financial Disclosures by Clinical Investigators. Also addressed are key FDA statutes involved in the regulation of clinical trials: Title 21 part 312 Investigational New Drug Application, Title 21 part 812 Investigational Device Exemptions, and Title 21 part 11 Electronic Records and Electronic Signatures. The CCRP exam covers material based not only on these regulations but also on guidances issued by OHRP and the FDA. The workbook is organized in distinct chapters, each of which covers one aspect of the regulations or guidances. The multiple choice questions are deliberately designed to instruct on core materials rather than offering linguistically ingenious choices. The workbook is therefore designed not only to prepare for the CCRP examination but also to educate clinical research professionals, particularly clinical research coordinators and research nurses, on matters which arise frequently in clinical research management and administration. *Ccrp Exam Study Guide* Pramod Lad, 2019-03-24. This is a companion volume to the CCRP EXAM WORKBOOK. The sequence of chapters is the same in both books to facilitate parallel review. The study guide provides the didactic material while the exam workbook provides test questions pertaining to it. For maximum effectiveness in exam preparation, the two volumes should be studied together. Plato's Socrates on Socrates Anne-Marie Schultz,2020-03-19 In Plato s Socrates on Socrates Socratic Self Disclosure and the Public Practice of Philosophy Anne Marie Schultz analyzes the philosophical and political implications of Plato s presentation of Socrates self disclosive speech in four dialogues Theaetetus Symposium Apology and Phaedo Schultz argues that these moments of Socratic self disclosure show that Plato s presentation of Socrates the narrator is much more pervasive than the secondary literature typically acknowledges Despite the pervasive appearance of a Socrates who describes his own experience throughout the dialogues Socratic autobiographical self disclosure has received surprisingly little scholarly attention Plato s use of narrative particularly his trope of Socrates the narrator is often subsumed into discussions of the dramatic nature of the dialogues more generally rather than studied in its own right Schultz shows how these carefully crafted narrative remarks add to the richness and profundity of the Platonic texts on multiple levels To illustrate how these embedded Socratic narratives contribute to the portrait of Socrates as a public philosopher in Plato s dialogues the author also examines Socratic self disclosive practices in the works of bell hooks Kathy Khang and Ta Neishi Coates and even practices the art of Socratic self disclosure herself
