Welcome Aboard

Congratulations on choosing a new boat equipped with a Volvo Penta marine engine. Volvo Penta has been building marine engines since 1907. Quality, reliability, efficiency, and innovation have made Volvo Penta a world leader in the marine engine industry. From engineering design and manufacturing to support activities in Puerto Rico, Sweden, and Latin America, Volvo Penta truly backs up its promise: power, performance, and the name of a trusted Penta product.

As an owner of a Volvo Penta marine engine, we would like to welcome you to a worldwide network of dealers and service organizations to assist you with technical advice, service requirements, and replacement parts. Please contact your nearest authorized Volvo Penta dealer for assistance.

See you many pleasant voyages.

Our Core Values: Quality, Safety, Environmental Care

The vision and values that Volvo Penta engineers use when designing the products are: Quality, Safety, and Environmental Care. Quality has always been the foundation of all of our products, processes, and services. It is on these cornerstones that the Volvo Penta corporate identity, international and legal status have been founded. Safety is core values of quality, safety, and service for the environment remains central to Volvo Penta. These principles are believed to be company and will ultimately help us to survive.

Quality is a value that traditionally referred to product quality but now encompasses all aspects of our products and services. In today's competitive environment, Volvo Penta's quality commitment extends beyond traditional manufacturing and engineering, especially its service care for the customer throughout the life of the product.

Safety will always be our most distinguishing core value. Safely is embodied in the quality of all our products. It also encompasses personal, family, human, and environmental values.

Environmental Care is an expression that means the production, distribution, service, and recycling, is an integral part of the Volvo Penta commitment. Towards customers, employees, and the community, the following the environmental as a core value, Volvo Penta maintains the understanding of the environmental impact its products have upon nature and the human culture and moral surroundings.

Volvo Penta continually considers a considerable part of its development resources toward minimizing the environmental impact of its products. Examples of areas where we are always working for improvements are reduced emissions, noise levels, and fuel consumption.

Regardless of whether your Volvo Penta engine is installed in a boat used for pleasure or commercial operation, correct operation of engine maintenance of the engine will result in disturbance or damage to the environment.

In this owner's manual there are a number of service schedules, which, if not followed, will result in an increase in the engine's usage on the environment and on running costs and a reduction in service life. Always observe recommended service intervals and make a habit of checking that the engine is operating normally every time you use it. Contact an authorized Volvo Penta dealer if you cannot correct the fault yourself.

Remember that most chemicals used on boats are harmful to the environment if used incorrectly. Volvo Penta recommends the use of biodegradable degreasing agents for all cleaning. Always dispose of engine and transmission oil, waste oil, paint, degreasing agents and cleaning liquids etc. at proper disposal areas so that they do not harm the environment.

Always respect and observe during your boat trips air that boat and noise generated by the boat do not disturb or harm wildlife, seabirds, turtles etc. When offloading your boat or engine, please take consideration and always leave the areas you visit as you would like to find them yourself.
