

The background of the entire page is a photograph of the Stonehenge monument in England. The large, grey, weathered stone structures are arranged in their characteristic circular formation, with some stones showing signs of lichen and moss. The sky is a clear, bright blue, and the ground is covered in green grass. In the foreground, there are some large, flat stones and a small, shallow, circular depression in the grass.

Bestselling Books Red Herrings either one of the world's most famous or something on a much smaller scale. But writing a book on just one of these would have been relatively easy. The challenge came from researching many of them and then condensing them down in a way that I know you, my reader, will enjoy them. And that is in short, sharp, informative sections that can be read on the train, bus, queue, or whilst you are waiting to pick the kids up from school. In other words, the challenge was to explain each mystery in a way you can enjoy and absorb in about ten minutes flat. Therefore, inevitably, some information will be missing for which I apologise in advance. But the missing detail isn't critical to the basic story; the core details of the mystery in question should all be in there. And this brings me to an important point. Given that I am a fan of the unknown and unexplained, I have not set out to be a mystery buster in this series. Instead, I just wanted to tell the story, reveal some little-known detail, and offer a rational explanation wherever I could. I wanted to provoke a bit of thought and conversation wherever I could, but leave you to decide the answer for yourselves: does the story remain a mystery in your view, or have you managed to piece together a theory of your own that you can share with friends? Although to be fair, I must admit there are some cases where I just couldn't resist presenting some of my own ideas and giving full rein to my scepticism. But don't let that stop you from enjoying yourselves.

Real cases of perplexing disappearances, shocking murders, and paranormal encounters fuel this gripping book. Inspired by the recently released Netflix series *Unsolved Mysteries*, this book explains real and mysterious cases. I'm sure they will leave you a lot to think about, especially tonight before you go to sleep. The victims say: "My hope is that there is somebody that's out there that knows the truth, give us a little help, that's what we're asking for." I kept saying: "there's something bigger, I'm gonna find out. We may have something more sinister going on all these years we never spoke of it, it just doesn't make sense, I just can't forget about it, I won't forget about it." Some witnesses only remember details: "I saw a lot of lights, all of a sudden everything erupted loudly, I get goosebumps thinking about it." His case needs to stay open, it should have never closed, I know something happened to him, I know somebody did something to him. What were they hoping to accomplish? I'm here because I think there's hope, I really do. If you know something, please come out. There's something oddly alluring about an unsolved mystery. It's the eeriness, the blatant secrecy of those involved, the unexplainable circumstances of how an event occurred, and the queasy knowledge that truth exists. That truth may never reach to the surface. The original production of *Unsolved Mysteries* had 582 episodes between 1987 and 2002, created by John Cosgrove and Terry Dunn. Meurer currently has new episodes since July.

The new Unsolved Mysteries series retains the essence that made it so popular maintains the chilling feeling that viewers loved about the original while telling the stories through the lens of a Netflix documentary series Each episode focuses on a mystery This book addresses in written documentary format certain events loaded with mystery or paranormal issues a good starting point for conspiracy by addressing issues such as UFO sightings or murders in mysterious circumstances Merging the characteristic elements of the original series with an engaging character centred contemporary narrative these new written episodes are based on the experiences of ordinary people who lived through unthinkable things from the trauma of an unexplained disappearance or the bloody death of a loved one to the horror of a paranormal and bizarre encounter Accompanied by detectives and journalists the relatives give clues present theories and identify suspects hoping that a reader will hold the key to solving the mystery
