Son Robert Shank,1970 Through the years I have read carefully every serious work on the question of election I found no work that addressed itself to the question in this thorough objective competent manner or afforded such satisfactory obviously Biblical constructions I have every confidence that time will prove this to be the definitive work on the difficult question of election from the Introduction by Dr William W Adams of the Southern Baptist Theological Seminary In this comprehensive treatment of all pertinent Scripture passages dealing with election Dr Shank demonstrates that Calvin s doctrine of the unconditional election and the reprobation of particular people is without foundation in the Scriptures He challenges the use of certain proof passages and shows that their application in this manner requires circumventing some of the most explicitly categorical affirmations of Scripture Dr Shank demonstrates that the election of grace does not rule out the salvation of any man that God truly wills all men to be saved Amazon com **God Has Chosen** Mark R.

Lindsay,2020-08-11 Throughout the church s history Christians have sought to understand the doctrine of election On this journey through the Bible and church history theologian Mark Lindsay turns to the various articulations of the early church fathers John Calvin s view the subsequent debate between Calvinists and Arminians and Karl Barth s modern reconception of the doctrine *The Doctrine of Election: a Sermon [on Rom. Ix. 11-13], Etc* William NIXON (Minister of Free St. John's, Montrose.),1861 **The Doctrine of Election, and Its Connection with the General Tenor of Christianity** Thomas

Erskine,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1878 edition Excerpt word In the commencement of the Bible Adam is set before us as seeking and finding enjoyment without having passed through death but as we follow him in his course onwards we find that his path terminates in ruin and corruption Then Jesus is set before us doing not his own will but dying to himself and consenting to pass through death and as we follow him we find that his termination is immortal glory And lest any should put away these plain lessons by saying that Adam s history was a solitary example and not of general application and that it might be possible to arrive at the blessed conclusion of the second Adam by the easy way of the first the veil of futurity is rent for their instruction and it is declared to them by the fatal catastrophe of an innumerable multitude placed exactly in the circumstances which they are wishing for themselves that there is salvation in no other way that there is no secure standing for man except in the willing death of Jesus Christ I believe that the

original condition of man the fall and the redemption are only so many consecutive distinct steps in that mighty plan which is now in progress and which may continue to be so for ever by which God would train up a creature for real participation in his own holy and blessed nature I cannot conceive that a creature such as man will be when that purpose is accomplished could have been made at once in other words that such a production is within the province of creative power I believe that holiness is an acquirement which can only be made by the co operation of the creature s own personal will it is a habit and not a mere capacity and thus belongs not to the first creation but to the second which requires the consent of the *The Doctrine of Election* John Calvin,2022-11-16 Translated from the French by Robert White When Calvin says that he would not have spoken of election had Scripture not led the way we need not doubt his word If he defends the doctrine with vigour it is because it runs as an unbroken thread through both Old and New Testaments Like the doctrines of providence atonement and the new birth it is a doctrine of sovereign grace Calvin did not invent election it is a doctrine which belongs to the universal church Its importance for him lies in the fact that it anchors the work of redemption not in our feeble powers of will but in God s inexplicable love for sinners and it traces that work to a determination freely made in heaven before the world began The present volume offers a variety of sources newly translated from the French which throw fresh light on Calvin s doctrine of election In place of his more formal works such as the Institutes from which the doctrine is usually derived texts have been selected which were intended for oral delivery to a largely non specialist audience The tensions inherent in the doctrine such as God s mercy versus his justice are honestly acknowledged and answered Throughout appeal is made not to philosophical speculation but to God s revealed word To depart from Scripture the Reformer holds is to enter a labyrinth from which there is no way out There is no hint of bookishness in the texts presented here This is theology for Everyman clear comprehensive and rich in practical application And it leads as all good theology should to the praise of God s glory

The Doctrine of Election Edward FRY (Right Hon. Sir),1864 ***Chosen: a Study in the Doctrine of Election*** CHET CATALDO,2013-11-12 Has God decided everything beforehand in ages past Or are the choices and decisions made by you and I real choices The doctrine of election has split the Christian Church Denominations and congregations have been formed over agreement or disagreement with how election is interpreted There have been numerous Christian families that have seen members take opposing sides over this teaching In addition this doctrine has caused the hearts of many sincere Christians to tremble fear and at times even give up Election to be chosen is a teaching that is taught throughout the Bible However the interpretation of election found within many churches misses the meaning that is taught in the Word of God Election does not mean that God has pre determined the destiny of a certain few The primary meaning of election means to belong to God The present study is an attempt to explain the Biblical teaching of election *The Doctrine of Election Stated, Defended, and Improved* W. Paige,1826 *The Doctrine of Election Fairly Stated, in a Sermon, Etc* Arthur BROWNE (Minister at Portsmouth, N.H.),1757 ***The Doctrine of Election*** Sir Edward Fry,1864 ***The Doctrine of Election***

Arthur W. Pink, 2013-05-15 The grand truth of election takes us back to the beginning of all things It predated the entrance of sin into the world the fall of man the incarnation of Christ and the proclamation of the gospel A correct understanding of it especially in its relation to the everlasting covenant is absolutely essential if we are to be kept from fundamental error If the foundation be faulty then the building erected upon it cannot be sound and if we err in our conceptions of this basic truth then just in proportion as we do so will our grasp of all other truth be inaccurate This classic text on the subject of election is an essential for any Christian's library but especially that of the pastor or clergyman [The Biblical Doctrine of Election](#)
