The Devil's Financial Dictionary Jason Zweig, 2015-10-13 Your Survival Guide to the Hades of Wall Street The Devil's Financial Dictionary skewers the plutocrats and bureaucrats who gave us exploding mortgages freakish risks and banks too big to fail And it distills the complexities absurdities and pomposities of Wall Street into plain truths and aphorisms anyone can understand An indispensable survival guide to the hostile wilderness of today's financial markets The Devil's Financial Dictionary delivers practical insights with a scorpion's sting It cuts through the fads and fakery of Wall Street and clears a safe path for investors between euphoria and despair Staying out of financial purgatory has never been this fun **The Devil's Dictionary** Ambrose Bierce, 2009-08 American satirist AMBROSE GWINNETT BIERCE 1842 c 1914 began his satirical redefinitions of ordinary words in a weekly newspaper in 1881 and saw them first collected in The Cynic's Word Book in 1906 But it was with the 1911 republication as The Devil's Dictionary that he struck comedy gold for the ages with his pointedly mocking and ironic riffs on politics business religion the arts and American culture at large From abasement a decent and customary mental attitude in the presence of wealth or power peculiarly appropriate in an employee when addressing an employer to zoology the science and history of the animal kingdom including its king the House Fly The Devil's Dictionary remains as witty today as it was a century ago The Devil's Dictionary Illustrated Edition Ambrose Bierce, 2021-02-16 The Devil's Financial Dictionary skewers the plutocrats and bureaucrats who gave us exploding mortgages freakish risks and banks too big to fail And it distills the complexities absurdities and pomposities of Wall Street into plain truths and aphorisms anyone can understand An indispensable survival guide to the hostile wilderness of today's financial markets The Devil's Financial Dictionary delivers practical insights with a scorpion's sting It cuts through the fads and fakery of Wall Street and clears a safe path for investors between euphoria and despair Staying out of financial purgatory has never been this fun *The Devil's Dictionary (Classic Illustrated)* Ambrose Ambrose Bierce, 2021-08-30 The Devil's Financial Dictionary skewers the plutocrats and bureaucrats who gave us exploding mortgages freakish risks and banks too big to fail And it distills the complexities absurdities and pomposities of Wall Street into plain truths and aphorisms anyone can understand An indispensable survival guide to the hostile wilderness of today's financial markets The Devil's Financial Dictionary delivers practical insights with a scorpion's sting It cuts through the fads and fakery of Wall Street and clears a safe path for investors between euphoria and despair Staying out of financial purgatory has never been this fun **The Behavioral Investor** Daniel Crosby, 2018-10-16 From the New York Times bestselling author of the book named the best investment book of 2017 comes The Behavioral Investor an applied look at how psychology ought to inform the art and science of investment management In The Behavioral Investor psychologist and asset manager Dr Daniel Crosby examines the sociological neurological and psychological factors that influence our investment decisions and sets forth practical solutions for improving both returns and behavior Readers will be treated to the most comprehensive examination of investor

behavior to date and will leave with concrete solutions for refining decision making processes increasing self awareness and constraining the fatal flaws to which most investors are prone The Behavioral Investor takes a sweeping tour of human nature before arriving at the specifics of portfolio construction rooted in the belief that it is only as we come to a deep understanding of why that we are left with any clue as to how we ought to invest The book is comprised of three parts which are as follows Part One An explication of the sociological neurological and physiological impediments to sound investment decision making Readers will leave with an improved understanding of how externalities impact choices in nearly imperceptible ways and begin to understand the impact of these pressures on investment selection Part Two Coverage of the four primary psychological tendencies that impact investment behavior Although human behavior is undoubtedly complex in an investment context our choices are largely driven by one of the four factors discussed herein Readers will emerge with an improved understanding of their own behavior increased humility and a lens through which to vet decisions of all types Part Three Illuminates the so what of Parts One and Two and provides a framework for managing wealth in a manner consistent with the realities of our contextual and behavioral shortcomings Readers will leave with a deeper understanding of the psychological underpinnings of popular investment approaches such as value and momentum and appreciate why all types of successful investing have psychology at their core Wealth truly considered has at least as much to do with psychological as financial wellbeing The Behavioral Investor aims to enrich readers in the most holistic sense of the word leaving them with tools for compounding both wealth and knowledge
