*To Be a Problem (LARGE PRINT EDITION)* Dara Baldwin, 2024-07-09 A searing critique of the disability rights movement from within and a call for collective liberation that is pro Black and centers disabled people of color. For over twenty years Dara Baldwin has often been the only person of color in the room when significant disability policy decisions are made. Disenfranchisement of people of color and multi marginalized communities within the disability rights community is not new and has left many inside the community feeling frustrated and erased. In *To Be a Problem* Baldwin candidly shares her journey to becoming a disability activist and policymaker in DC while critiquing the disability rights community. She reveals the reality of erasure for many Black people and people of color in the disability movement and argues that in turn many white disabled people center themselves within the work without addressing their own white privilege. Disability rights groups have been centering white straight cisgender people while racial justice groups often fail to center disabled people leading many Black and Brown disabled people to start their own Disability Justice organizations. Drawing from her unique vantage point Baldwin calls readers to understand the shortcomings of the disability rights movement while inspiring us to push all movements towards a more inclusive and authentic liberation.

*Law and the Contradictions of the Disability Rights Movement* Samuel R. Bagenstos, 2009-06-23 The passage of the Americans with Disabilities Act in 1990 was hailed as revolutionary legislation but in the ensuing years restrictive Supreme Court decisions have prompted accusations that the Court has betrayed the disability rights movement. The ADA can lay claim to notable successes yet people with disabilities continue to be unemployed at extremely high rates. In this timely book Samuel R. Bagenstos examines the history of the movement and discusses the various often conflicting projects of diverse participants. He argues that while the courts deserve some criticism some may also be fairly aimed at the choices made by prominent disability rights activists as they crafted and argued for the ADA. The author concludes with an assessment of the limits of antidiscrimination law in integrating and empowering people with disabilities and he suggests new policy directions to make these goals a reality.

*Disability Rights Law and Policy: International and National Perspectives* Mary Lou Breslin, Silvia Yee, 2021-09-13 This volume describes the extraordinary success of the international political movement of people with disabilities to include disability as a human rights issue. The authors are renowned disability rights attorneys, university professors and activists who practice, teach and work internationally. Published under the Transnational Publishers imprint.

belong in a world that wasn't built for all of us and of one woman's activism from the streets of Brooklyn and San Francisco to inside the halls of Washington. Being Heumann recounts Judy Heumann's lifelong battle to achieve respect, acceptance and inclusion in society. Paralyzed from polio at eighteen months, Judy's struggle for equality began early in life. From fighting to attend grade school after being described as a fire hazard to later winning a lawsuit against the New York City school system for denying her a teacher's license because of her paralysis, Judy's actions set a precedent that fundamentally improved rights for disabled people. As a young woman, Judy rolled her wheelchair through the doors of the US Department of Health Education and Welfare in San Francisco as a leader of the Section 504 Sit In, the longest takeover of a governmental building in US history. Working with a community of over 150 disabled activists and allies, Judy successfully pressured the Carter administration to implement protections for disabled peoples' rights, sparking a national movement and leading to the creation of the Americans with Disabilities Act. Candid, intimate and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.
