Barnes, 2009-04-19 The explosion of blogs social networking sites wikis video sharing sites and other powerful digital communications platforms may be the biggest game changer to impact business since mechanized manufacturing In today's Web 2.0 world company stakeholders including

employees customers and investors are empowered in ways unimaginable just a few years ago and traditional corporate hierarchies are yesterday's news. Rather than attempt to turn back the clock and reassert strict top down control over stakeholder relationships the smartest companies worldwide are responding with bold new digital communications strategies based on transparency authenticity and inclusion instead of secrecy artificiality and exclusion. International corporate communications guru Paul A. Argenti provides a lively up to the minute review of the Web 2.0 landscape and analyzes the increasingly central role corporate communications plays in virtually every organizational function. Argenti and coauthor Courtney Barnes advise corporate leaders on how to deploy proven strategies for using new and emerging digital platforms to Manage brand identity and company reputation Build a culture of engagement and transparency Turn stakeholders into company evangelists Manage internal communications across time zones and language barriers Recruit and retain the best talent Develop compelling messages based on customer and investor needs and desires. Argenti and Barnes provide case studies illustrating digital communications best practices at HP Southwest Airlines Sony Dell IBM Starbucks HBO FedEx GE and other major players. This groundbreaking book will teach you how to gain real manageable control over your organization's communications in today's virtual world. **The LAN Manager's Internet Connectivity Guide** Sidnie Feit, 1998. Despite the torrent of Internet guides none has been aimed at LAN managers until now. This much needed book is the most comprehensive LAN specific Internet reference covering the topic from all angles. Extensive case studies shed light on the workings of Internet LAN connections in the corporate world. **The E-business (r)evolution** Daniel Amor, 2000.
