## **Women In Britain Since 1900 Social History In Perspective:**

**Women in Britain Since 1900** Sue Bruley, 1999 This woman centered history of Britain in the 20th century traces the changing concept of femininity in different chronological time periods Women are focused on as agents for social change and each chapter has a section on the women s movement A separate chapter is devoted to each of the World Wars After reviewing women s progress over the last hundred years the book explores the question Have women gained equality

State, Society and the Poor in Nineteenth-Century England Alan Kidd, 1999-07-08 Today it is impossible to separate discussion of poverty from the priorities of state welfare A hundred years ago most working class households avoided or coped with poverty without recourse to the state The Poor Law after 1834 offered little more than a safety net for the poorest and much welfare was organised through charitable societies self help institutions and mutual aid networks Rather than look for the origins of modern provision the author casts a searching light on the practices ideology and outcomes of nineteenth century welfare This original and stimulating study based upon a wealth of scholarship is essential reading for all students of poverty and welfare It also contains much to interest a wider readership

*Making Youth: A History of Youth in Modern Britain* Melanie Tebbutt, 2017-09-16 This new study explores how British youth was made and how it made itself over the nineteenth and twentieth centuries Urbanisation and industrialisation brought challenges that altered how young people were both perceived and understood As adults found it difficult to comprehend the rapidity of societal change focus on the young intensified and they became a symbol of uncertainty about the future Highlighting both change and striking continuity Melanie Tebbutt traces the origins and development of key themes and debates in the history of modern British youth Current issues such as the ageing of western societies high levels of youth unemployment and the potential for social and political unrest make this a timely study

The Irish Diaspora in Britain, 1750-1939 Donald MacRaild, 2010-11-24 This established study focuses on the most important phase of Irish migration providing analysis of why and how the Irish settled in Britain in such numbers Updated and expanded the new edition now extends the coverage to 1939 and features new chapters on gender and the Irish diaspora in a global perspective

English Puritanism John Spurr, 1998-08-26 The Puritans of seventeenth century England have been blamed for everything from the English civil war to the rise of capitalism But who were the Puritans of Stuart England Were they apostles of liberty who fled from persecution to the New World Or were they intolerant fanatics intent on bringing godliness to Stuart England This study provides a clear narrative of the rise and fall of the Puritans across the troubled seventeenth century Their story is placed in context by analytical chapters which describe what the Puritans believed and how they organised their religious and social life Quoting many contemporary sources including diaries plays and sermons this is a vivid and comprehensible account drawing on the most recent scholarship Readers will find this book an indispensable guide not only to the religious history of seventeenth century England but also to its political and social history

*Child Labour in Britain, 1750-1870* Peter Kirby, 2017-04-18 What kinds of jobs did children

do in the past and how widespread was their employment Why did so many poor families put their children to work How did the state respond to child labour What problems arise in the interpretation of evidence of child employment Child Labour in Britain 1750-1870 Offers a broad empirical analysis of how the work of children was integrated with the major economic and occupational changes of eighteenth and nineteenth century Britain Argues that working children occupied a unique position within the context of the family the labour market and the state Discusses the key issues involved in the study of children's employment In this clear and concise study Peter Kirby convincingly argues that child labour provided an invaluable contribution to economic growth and the incomes of working class households Consequently the picture that emerges is much more complex than that portrayed in many traditional approaches to the subject **Church And Society In England**

**1000-1500** Andrew Brown, 2017-03-14 What impact did the Church have on society How did social change affect religious practice Within the context of these wide ranging questions this study offers a fresh interpretation of the relationship between Church society and religion in England across five centuries of change Andrew Brown examines how the teachings of an increasingly universal Church decisively affected the religious life of the laity in medieval England However by exploring a broad range of religious phenomena both orthodox and heretical including corporate religion and the devotional practices surrounding cults and saints Brown shows how far lay people continued to shape the Church at a local level In the hands of the laity religious practices proved malleable Their expression was affected by social context status and gender and even influenced by those in authority Yet as Brown argues religion did not function simply as an expression of social power hierarchy patriarchy and authority could be both served and undermined by religion In an age in which social mobility and upheaval particularly in the wake of the Black Death had profound effects on religious attitudes and practices Brown demonstrates that our understanding of late medieval religion should be firmly placed within this context of social change

Protest, Politics and Work in Rural England, 1700-1850 Carl Griffin, 2013-11-28 Rural workers in eighteenth and early nineteenth century England were not passive victims in the face of rapid social change Carl J Griffin shows that they deployed an extensive range of resistances to defend their livelihoods and communities Locating protest in the wider contexts of work poverty and landscape change this new text offers the first critical overview of this growing area of study

*British Culture and the First World War* George Robb, 2017-09-16 The First World War has left its imprint on British society and the popular imagination to an extent almost unparalleled in modern history Its legacy of mass death mechanized slaughter propaganda and disillusionment swept away long standing romanticized images of warfare and continues to haunt the modern consciousness Focusing on the lives of ordinary Britons George Robb's engaging new study seeks to comprehend what it meant for an entire society to undergo the tremendous shocks and demands of total war how it attempted to make sense of the conflict explain it to others and deal with the war's legacies *British Culture and the First World War* examines the war's impact on ideologies of race class and gender the government's efforts to manage news and to promote patriotism

the role of the arts and sciences and the commemoration of the war in the decades since Synthesizes much of the best and most recent scholarship on the social and cultural history of the war Reclaims a great deal of neglected or forgotten popular cultural sources such as films cartoons juvenile literature and pulp fiction Compact but comprehensive this accessible and refreshing text is essential reading for anyone interested in British society and culture during the turbulent years of the First World War **Journal of Women's History** ,2002 The British National Bibliography Arthur James Wells,2004 A *Bibliography of British History, 1914-1989* Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,2003 The Transformation of British Life, 1950-2000 Andrew Rosen,2003 During the second half of the 20th century life in Britain was transformed by radical changes in standards of living affecting housing food and transport as well as by major shifts in social cultural and moral values This study examines the diverse developments which so altered the country and its people examines the remarkable extent to which a marked decline of popular support for orthodox institutions such as the monarchy religion marriage and trade unions resulted in a far more flexible and diverse society a society in which women the young and members of ethnic minorities played increasingly important roles It also stresses the extent to which British society has been influenced by foreign developments Separate chapters on the impact of American culture and European institutions as well as modern architecture and planning all explore the ways in which British life has been profoundly affected by factors which are not normally considered by social historians as well as students of modern British culture and society The Oxford Illustrated History of Britain Kenneth O. Morgan,2009 This beautifully illustrated volume tells the story of Britain and its people over two thousand years from the coming of the Roman legions to the present day Encompassing political social economic and cultural developments throughout the British Isles the dramatic narrative is taken up in turn by ten leading historians who offer the fruits of the best modern scholarship to the general reader in an authoritative form illuminating their text with carefully chosen pictures and maps A vivid sometimes surprising picture emerges of a continuous turmoil of change in every period and the wider social context of political and economic tension is made clear But consensus no less than conflict is a part of the story in focusing on elements of continuity down the centuries the authors bring out that special awareness of identity which has been such a distinctive feature of British society By relating both these factors in the British experience and by exploring the many ways in which Britain has shaped and been shaped by contact with Europe and the wider world this landmark work brings the reader face to face with the past and the foundations of modern British society The new edition the first for almost twenty years brings the story into the twenty first century covering the changes to British society and culture

during the Blair years and the invasion of Iraq and its aftermath      *Which Degree Directory Series* ,2000      *Which Degree Guide* ,2001      *Which Degree in Britain* ,1999 A comprehensive guide to full time degree courses institutions and towns in Britain      **Encyclopedia of European Social History from 1350 to 2000** Peter N. Stearns,2001 The Encyclopedia of European Social History covers all aspects of European social history from the Renaissance to the present This six volume reference includes more than 230 articles ranging from 5 000 to 10 000 words on everything from serfdom and the economy to witchcraft and public health Some of the thematically arranged articles include Honor and Shame Prostitution Schools and Schooling The World Economy and Colonial Expansion Clothing and Fashion Spinsters and Bachelors Travel and Tourism The World Wars and the Depression Birth Contraception and Abortion The European Marriage Pattern Communications the Media and Propaganda Ethnicity and National Identity Church and Society Fairs and Markets The Deaf the Blind and the Retarded Rural Revolts The Aristocracy and Gentry The Welfare State This reference provides a survey of hundreds of topics Included are more than 700 photographs drawings and maps The sixth volume also includes biographies of prominent European figures and a comprehensive index      *Graduate Studies* ,1994

## The Enigmatic Realm of **Women In Britain Since 1900 Social History In Perspective**: Unleashing the Language is Inner Magic
