Women With Wings In The Cabinet:

Women in Executive Power Gretchen Bauer,Manon Tremblay,2011-03-10 A comprehensive regional study of women in the political executive power *Feminism and the Women's Movement in Malaysia* Maznah Mohamad,Cecilia Ng,tan beng Hui,2006-04-18 Combining both personal and academic insights into the Malaysian women s movement this study provides an in depth account of the multiple struggles of the Malaysian women s movement from securing gender equality in a patriarchal society to achieving unity among members of a multi ethnic society that are further divided along class and religious lines Most historical versions of national struggles have created icons out of male figures The authors of this book have provided a corrective to this They detail the importance of the role of the women s movement led by numerous unsung personalities in promoting social change in Malaysia The book centres on a crucial argument that in the context of an ethnically fragmented post colonial authoritarian society an autonomous woman movement which began in the early eighties had actually achieved significant political success However the study observes that by the late 1990s feminist issues were also readily appropriated by the state and the market and also suggests that the emergence of market feminism poses specific challenges for the future of the Malaysian women s movement This thorough and engaging account of feminism and the women s movement in Malaysia will capture the interest of scholars policy makers and activists [Gender and Representation in Latin America](#) Leslie A. Schwindt-Bayer,2018 In the past thirty years women s representation and gender equality has developed unevenly in Latin America Some countries have experienced large increases in gender equality in political offices whereas others have not and even within countries some political arenas have become more gender equal whereas others continue to exude intense gender inequality These patterns are inconsistent with explanations of social and cultural improvements in gender equality leading to improved gender equality in political office Gender and Representation in Latin America argues instead that gender inequality in political representation in Latin America is rooted in institutions and the democratic challenges and political crises facing Latin American countries and that these challenges matter for the number of women and men elected to office what they do once there how much power they gain access to and how their presence and actions influence democracy and society more broadly The book draws upon the expertise of top scholars of women gender and political institutions in Latin America to analyze the institutional and contextual causes and consequences of women s representation in Latin America It does this in part 1 with chapters that analyze gender and political representation regionwide in each of five different arenas of representation the presidency cabinets national legislatures political parties and subnational governments In part 2 it provides chapters that analyze gender and representation in each of seven different countries Argentina Chile Costa Rica Uruguay Mexico Brazil and Colombia The authors bring novel insights and impressive new data to their analyses helping to make this one of the most comprehensive books on gender and political representation in Latin America today **Women in State Politics in India** Pam Rajput,Usha Thakkar,2023-04-28

The dynamics of Indian politics is reflected in the flexible and fluctuating relations between the centre and the states as well as in the equations within the multiparty political system. This book is one of the first to explore the participation of women in state politics in India and how women navigate the dynamic spaces and hierarchies of the Indian political system. With the help of in-depth studies of 16 states in India, it analyses the gender profile of political parties and legislative bodies in these states, the question of women's representation which is minuscule in legislative assemblies and women voters and their voting choices. It also explores the roadblocks and barriers they face along with a study of women's participation in informal politics. The chapters in this book underline the need for women's active participation both inside and outside the party system to make democracy more robust and meaningful. Topical rich in empirical data, this book will be an essential read for scholars and researchers of Indian politics, gender studies, political science, sociology, public administration, and South Asia studies.

The Woman Citizen, 1924 *Historical Dictionary of The Gambia* David Perfect, 2016-05-27 When The Gambia achieved its independence from Great Britain on 18 February 1965 as mainland Africa's smallest state, its future seemed uncertain. It retained this status for nearly 30 years. An attempted coup d'état in July 1981 was put down but ironically when other African states were returning to democratic government, Gambian democracy finally succumbed to a military coup on 22 July 1994. While civilian rule was restored in 1996, full democracy was not and a number of subsequent presidential and parliamentary elections have been far from free and fair while The Gambia's human rights record has been very poor since 1994. This fifth edition of Historical Dictionary of The Gambia contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about The Gambia.

Includes chapters on the following countries: Argentina, Australia, Bangladesh, Bolivia, Brazil, Canada, China, Costa Rica, Cuba, Czechoslovakia, former Egypt, France, Germany, Ghana, Great Britain, Greece, Hong Kong, Hungary, India, Israel, Japan, Kenya, Korea, Republic of South Korea, Mexico, Morocco, Nepal, The Netherlands, Nigeria, Norway, Palestine, Papua New Guinea, Peru, The Philippines, Poland, Puerto Rico, South Africa, Spain, Sudan, Switzerland, Turkey, Union of Soviet Socialist Republics, former United States, Uruguay.
