Approaches to the African Novel Charles E. Nnolim,2010 This Third Edition of Approaches to the African Novel is a child of necessity Because of the unfortunate death of the publisher of Saros International who issued the First Edition and high demand this third enlarged edition has become imperative Three new essays all previously published are added two expectedly on Achebe the father of the African novel and one on Mongp Beti s Mission to Kala which was partially anthologised in Contemporary Literary Criticism Volume 27 1984 Achebe s Things Fall Apart as an Igbo national epic has evoked a spate of reactions from critics of African literature especially the troika Chinweizu et al in Toward the Decolonization of African Literature It was also anthologised in Modern Black Literature edited by S Okechukwu Menu 1971 The essay on Arrow of God whose structure and meaning has been largely avoided by other critics is included here for further airing For gender balance as the previous volume contained no essays on women writers an essay on Flora Nwapa has been added Since the novels discussed in this volume exclusively are on the African literature south of the Sahara the last essay on Peter Abrahams comes in to round out this collection of essays with a study of a south African writer for geographical balance The African Child Laye Camara,1971 **Reading Multiple Consciousness** Komla M.

Avono,2024-12-15 Through close readings of literary texts by Camara Laye to Ata Aidoo via Langston Hughes Richard Wright and Ralph Ellison this book re evaluates the issue of double consciousness originally raised by W E B DuBois and in doing so problematize the role of the intellectuals in relation to their community **New Perspectives on African Childhood**

De-Valera NYM Botchway,Awo Sarpong,Charles Quist-Adade,2019-09-05 What does it mean to be a child in Africa In the detached Western media narratives of penury wickedness and death have dominated portrayals of African childhood The hegemonic lens of the West has failed to take into account the intricacies of not only what it means to be an African child in local and culturally specific contexts but also African childhood in general Challenging colonial discourses this edited volume guides the reader through different comprehensions and perspectives of childhood in Africa Using a blend of theory empiricism and history the contributors to this volume offer studies from a range of fields including African literature Afro centric psychology and sociology Importantly in its eclectic geographical coverage of Africa this book unashamedly presents the good the bad and the ugly of African childhood The resilience creativity pains and triumphs of African childhood are skilfully woven together to present the myriad of lived experiences and aspirations of children from across Africa As an important contribution to African childhood studies this book has the potential to be used by policymakers to shape sustain or change socio cultural economic and education systems that accommodate African childhood dynamics and experiences at different levels *Black World/Negro Digest* ,1964-09 Founded in 1943 Negro Digest later Black World was the publication that launched Johnson Publishing During the most turbulent years of the civil rights movement Negro Digest Black World

served as a critical vehicle for political thought for supporters of the movement James Olney demonstrates that autobiography because it provides the most direct narrative enactments of the ways motives and beliefs of a culture is an excellent way to approach African literature After a general discussion of the African ethos each chapter takes up the autobiographical literature of a specific group in African society and treats it as both an expression of a personal vision and as a revelation of a permeating social reality Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Tell Me Africa James Olney,2015-03-08
The Western Scar William Vincent Lawson,1975 **The Radiance of the King** Camara Laye,2011-08-16 At the beginning of this masterpiece of African literature Clarence a white man has been shipwrecked on the coast of Africa Flush with self importance he demands to see the king but the king has just left for the south of his realm Traveling through an increasingly phantasmagoric landscape in the company of a beggar and two roguish boys Clarence is gradually stripped of his pretensions until he is sold to the royal harem as a slave But in the end Clarence s bewildering journey is the occasion of a revelation as he discovers the image both shameful and beautiful of his own humanity in the alien splendor of the king

African Literature and Its Times Joyce Moss,Lorraine Valestuk,2000 This volume focuses on major fiction poetry and non fiction from Africa Organized by title it discusses 50 works through detailed essays **In Search of Sunjata** Ralph A. The Liminal Novel Wangari wa Nyatetu-Waigwa,1996 Critical studies of African literature especially those treating colonial era novels have typically taken the form of thematic analyses In an important departure from this trend The Liminal Novel concentrates instead on how meaning is achieved in three African novels of the 1950s Camara Laye s *L enfant noir* Hamidou Kane s *L aventure ambigu* and Mongo Beti s *Mission termin e* The analysis offered here is innovative on at least two counts First appropriating the anthropological rite of passage model it argues convincingly for a reclassification of the three novels as members of a subset within the genre of *Bildungsroman* Second while illuminating the artistic dimensions of these works through careful scrutiny of imagery setting and discourse The Liminal Novel also provides a new and valuable tool for reading many colonial coming of age novels
