Worlds Within A Congregation Dealing With Theological Diversity:

Worlds Within a Congregation William Paul Jones, 2000 Jones examines the existence and character of theological diversity within congregations and shows how such diversity can be a positive factor Worlds Within a Congregation can help readers understand how this diversity shapes the preferred ways of doing a number of things in the ministry of a congregation such as worship mission service and interaction Artisanal Theology Lisa M. Hess, 2009-01-15 Paradox and surprise face those who pursue deeper spiritual practice theological wisdom and even a religious calling into the ministry Unbeknownst to incoming students the pursuit of theological education in established institutions today furthers a faith that is recognizable in delight and compassion even as it may just as easily deform it into a moral duty and autonomous professionalism so divisive in today's religious ecology How may those drawn into ministry formation today receive its deep theological treasures and sustain a vibrant faith with a theologically expressive delight able to companion the suffering of self and others Artisanal Theology explores the paradoxes and surprises that await those walking in the worlds of theological education the local congregation the academy the tradition denomination Part handbook part witness it offers guidance for the path of intentional formation within contemporary institutions of theological education whose riches may be mined in a disciplined spiritual stewardship and grounded in radically covenantal companionship Just like artisanal bread blends the classical methods of bread baking with modern conveniences so an artisanal theology relies upon the personal and communal touch of human relationship amidst the contemporary forms of programmatic theological education An artisanal theology offers an articulate and traditionally rooted faith perspective grounded in covenantal companionships sustained in contexts of church tradition and most importantly practice Ultimately an artisanal theology witnesses beyond the anticipated political divides to the Triune God among us known in a theologically expressive delight able to companion the suffering of self and others The Oxford History of Anglicanism, Volume IV Jeremy Morris, 2017-02-16 The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world's largest versions of Christianity This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century and what was its historical influence during the past six centuries It explores not just the ecclesiastical and theological aspects of global Anglicanism but also the political social economic and cultural influences of this form of Christianity that has been historically significant in western culture and a burgeoning force in non western societies today The chapters are written by international experts in their various historical fields which includes the most recent research in their areas as well as original research The series forms an invaluable reference for both scholars and interested non specialists Volume four of The Oxford History of Anglicanism explores Anglicanism from 1910 to present day **Remnant Christianity in a Post-Christian World** W. Paul Jones, 2021-11-03 The contemporary Christian church is in critical decline both in membership and finances All attempts at reversal are failing

primarily because of the consuming socioeconomic secular dynamic in which society is immersed in its self destructive course Consequently Christian imagery is losing its conceivability and credibility and past motivations that once encouraged belief have lost their appeal Without these as points of contact the demise of the institutional church will be relentless despite all efforts to halt it Yet as at other crisis points in history the divine promise has been to raise a faithful remnant with sufficient promise to outlast whatever the societal demise After carefully analyzing the ingredients of our societal crisis the author develops the contours of a Remnant Church to be set in place now within the present institutional churches This necessitates distilling a vital spirituality and discerning the heart of a preservable tradition sufficient to claim both personal and communal commitment Thereby prepared for the long haul the Remnant Church can emerge as a prophetic alternative

The Art of Spiritual Direction W. Paul Jones, 2016-06-01 We all need companions and guides on our spiritual journey W Paul Jones believes that spiritual direction is essential for every Christian Along each person's pilgrimage are those who can make one's journey accountable and whose hospitality makes it possible Jones says In *The Art of Spiritual Direction* you'll discover the answers to these questions and more What is spiritual direction What is the difference between spiritual direction and counseling How can you know if you are called to the ministry of spiritual direction What should happen in direction sessions The appendixes feature helpful tools like the Myers Briggs Type Indicator a Theological Worlds Inventory the Enneagram and other resources Whether you are a pastor church leader or a layperson you will benefit from the wealth of information contained in this book

A Sacramental Life Bernard J. Cooke, Michael Horace Barnes, William P. Roberts, 2003 The authors of this volume have explored diverse aspects of Bernard's major theological focus drawn from them and directly and indirectly addressed them in a variety of topics

Current Religious Thought, 1902 ***The World***, 1997 *Public Theology in an Age of World Christianity* Paul S. Chung, 2010-04-15 This book aims to rearticulate and reinterpret a Christian concept of God's mission and evangelization in light of the universal irregular and transversal horizon of God's narrative as it pertains to the realities of public sphere Paul Chung maintains that mission serves the Word of God which is revealed in Jesus Christ by the power of the Holy Spirit for all It is salient to develop a theology of Trinitarian mission through the perspective of God's living word event in a hermeneutical intercultural fashion Here a Trinitarian concept of *missio Dei* is deepened and refurbished in light of God as the Subject of speaking through Israel the church and the face of innocent victims and religious outsiders This perspective contextualizes and widens the mission of God's narrative and deepens its universality in light of the word event

Feminist Theologies for a Postmodern Church Loraine MacKenzie Shepherd, 2002 Liberal modern approaches to

theology have tended to silence voices from the margins This book offers an alternative feminist theological approach that more adequately addresses issues of diversity and marginalization It critically examines and combines aspects of four different feminist approaches Elisabeth Schüssler Fiorenza's critical modern Mary McClintock Fulkerson's poststructural Kwok Pui-lan's postcolonial and Kathryn Tanner's postliberal This alternative feminist theological approach is then used to examine how a liberal mainstream Protestant denomination has dealt with issues of sexual orientation and gender Particular attention is given to biblical interpretation as shaped by community the role of traditional doctrine assumptions of authority and revelation and communities of accountability

Reports and Actions of the General Convention American Lutheran Church (1961-1987), 1976 Theological Studies, 1975 **Evangelical Theological Perspectives on Post-Vatican II Roman Catholicism** Leonardo De Chirico, 2003 De Chirico Istituto de Formazione Evangelica e Documentazione Padova Italy begins by identifying the elastic contours of Evangelical theology in its contemporary outlook Then he examines a number of Evangelical theologians who have interacted with Roman Catholicism in general and with Roman Catholic theology in particular over the past 40 years New Catholic World, 1906 *The American Ecclesiastical Review*, 1973
