Traditional thinking is as the statistics show that men and their behaviors seems to be the major issue that is causing this problem of sexual harassment and that women are for the majority of the cases the victims of sexual harassment So what are men to do to overcome this unfortunately accurate stereotype Simple men need a guide book a book that is written in a way they can understand This book needs to be formatted in an easy to read and understand way with simple and basic rules that can guide them through their issues they may be having with the women they work with This book also needs to be written by someone with real man clout not some woman professor at some university no one has ever heard of No the writer of this book needs to be experienced practical and above all manly in a macho sense I have written such a book Customer Service from Hell Philip J. Slater,Tomorrow's Business Publishing,2009-01-01 **How to Win Customers** Jacques Horovitz,1990-01-01 **Practical Guide to Customer Service Management and Operations** E. Patricia Birsner,Ronald D.
