Netflix Romantasy S Today:

When a Moth Loved a Bee Pepper Winters, 2023 New York Times Bestseller Pepper Winters delivers a brand new High Fantasy Romance. It's taking everything I have not to touch you. Not because I want to make you mine but because every part of me screams that you already are. A pack of wolves hunt a girl who takes her last breath by a river's edge. She is found and nursed back to health by the kind hearted Nihil people. She has no memory. No past. And is given a choice that could change her forgotten life forever. A pack of wolves adopt a man who begs for death in the grasslands. Blood revives him. Flesh strengthens him. All while the alpha watches him as if he knows who he is. He has no memory. No past. And yet he's drawn toward the smoke of a faraway clan. And in that smoke he finds a girl with the same mark on her thigh, the same empty mind and the same forgotten language on her lips. He's convinced they know each other. She's certain they are strangers. But the more time they spend together the more tangled the truth becomes. Their forgetfulness was deliberate. To keep them apart. To keep them lost. To keep them from claiming their true power. Because in that power exists a terrible choice. A choice that could destroy the world or each other. *When a Moth Loved a Bee* is the first volume in the Epic Fantasy Romance Destini Chronicles. A heavily romantic spice filled fantasy set in a world where life and death shadows and stars watch over two forbidden lovers whose powers are best left forgotten. Recommended for readers over R18 due to explicit scenes content and darker elements. Author Note: This Fantasy is 100% romance. If you want a rich world magic intrigue oodles and oodles of page time with the two characters together all brimming with longing, forbiddenness and butterfly winging moments then this is the book for you. Advance Reviews: We need to petition Netflix NOW to turn this into a series. The world building created by Pepper Winters is nothing short of phenomenal. Vivid beauty, gifted imagination and magnificent storytelling. There are not enough words to do this story justice. Totally Booked Blog: This unputdownable novel should come with a warning. This book is simply unforgettable. Villainous, VixenFantasy and dark romance lovers this is one book you will not want to miss. This book is full of angst, chemistry and heartbreak and it's absolutely incredible. Devon's Book Corner: It's visually stunning. In fact you'll wish to see this story played out on the big screen. If you haven't read Pepper Winter's work you need to remedy that immediately. Her writing style is something to behold. Buzy Reading:
