Process Reading can seem incredibly complicated. It involves not only making sense of the squiggles on a page, deciphering the alphabetic code and figuring out the words, but reading also entails giving meaning to understanding and thereby enjoying what we read. Reading comprehension is absolutely critical to communication whether it involves a doctor healing a patient, a lawyer presenting an argument in court, an astronaut needing to know how to repair a malfunction when he is thousands of miles above the earth, or most important, enriching and widening the scope of your life. In fact, you cannot think of one area of learning or practice where understanding what you read is not absolutely essential. The more you understand what you read, the less of a drudgery and the more of a joy it becomes. Reading is the key that unlocks the door to the universe. Get ready to start a great adventure and to grab hold of the key that will unlock the door to your universe. Lorraine Gerstl is truly a woman for all seasons.
