Nutrition Guide for Professionals

Margaret A. Powers (RD.), 1988

Abstract: This publication is intended to provide guidance concerning diabetes nutrition care. The guide emphasizes the need to individualize diabetic meal planning and expands the description of meal planning to include alternatives to the exchange system. The exchange system, however, is the model diabetic diet and receives special attention in this publication. Objectives and activities to be used when teaching the use of the exchange lists for meal planning are outlined. The complete nutrient composition data base that was used to develop the 1986 Exchange Lists is included.
