The Best Worst Thing Lauren Okie,2025-10-14 From a stunning new voice in romance Lauren Okie s The Best Worst Thing is an intimate story about starting over second chances and two people who cannot help falling into each other s orbit once again All things considered Nicole Speyer has a pretty amazing life At least that s what she tells

herself She's got a beautiful house a relatively successful fertility podcast and a perfect husband Gabe The only thing that's less than ideal is her years long struggle with infertility and how with every passing day she and Gabe seem to drift a little further apart But then mere hours after a Hail Mary embryo transfer to her gestational carrier Nicole discovers Gabe's been sleeping with their dog walker and her world turns upside down Suddenly a jobless childless and now husbandless Nicole finds herself at the doorstep of somebody she tried to say goodbye to a long time ago Logan Milgram a former colleague with serious golden retriever energy who happens to be laugh out loud funny a colossal nerd and legitimately kind of hot When Logan opens his door that night it's like no time has passed And as they fall back into each other's lives Nicole starts recognizing herself in the mirror again She even begins to like what she sees And then like a cruel joke she gets the news she's spent a lifetime waiting for her surrogate is finally pregnant As her relationship with Logan develops from a blast from the past fling into something much deeper Nicole struggles to balance her past present and future Racing against the clock she must learn to forgive her body for falling short and recognize that sometimes it's the biggest betrayals in life that set us free With everything on the line can Nicole accept love from the greatest man she's ever known even if it's nothing like the story she'd written for herself

A supplementary digital resource package offering additional learning and teaching materials. This comprehensive book bridges the gap between economic theory and real world case studies in an accessible, logical manner, making it the ideal undergraduate text for courses on industrial organization.

**The Brains and Brawn Company: How Leading Organizations Blend the Best of Digital and Physical** Robert Siegel, 2021-07-27 A Top Financial Times

Recommended Business Book The Brains and Brawn Company is the grounded, clear sighted guide you need to blend digital and traditional business functions for long term competitive advantage. Business leaders are continually told they need to embrace digital disruption wholeheartedly to thrive in the 21st Century. Legacy companies we hear are all doomed to fail unless they double down on the latest digital innovations and disruptors are ordained to take over the world. Digital innovation is the answer to everything. False. Nothing in life or business is ever that simple. In The Brains and Brawn Company: How Leading Organizations Blend the Best of Digital and Physical, venture capitalist and Stanford Business School lecturer Robert Siegel brings the digital innovation conversation back down to earth. He shows that while important, digital is only part of the answer and it's never the only answer. The vast majority of successful leaders from both incumbents and disruptors focus as much on things like logistics, manufacturing, and distribution as they do on digital innovation. In fact, many established companies are successfully countering young upstarts in other creative ways and many new organizations are learning from their older brethren. Siegel shows how to create lasting profits and growth in the smartest way possible by creating a solid partnership between digital innovation and traditional business operations in other words by marrying brains and brawn. He lays out the core competencies that today's industry leaders have mastered and explains how Charles Schwab uses cutting edge analytics to better serve millions of investors without violating its original code of values.
