[Social Media Marketing for Nerds Guide Book: Facebook Marketing, Instagram, LinkedIn, YouTube, TikTok](#) Matt Kingsley, 2025-12-16 Imagine treating social media like a science experiment instead of a slot machine. This book shows exactly how to do that. Social Media Marketing for Nerds Guide Book turns follower counts, view spikes, and going viral into something you can actually measure, test, and repeat. It is built for data-minded creators, business owners, and side hustlers who would rather open a spreadsheet than trust the vibes. Inside, you will learn how real people broke genuine social media world records and which of their tactics scale down to normal-sized accounts. Why some posts explode, most liked, most retweeted, most viewed, while others quietly die, and how to reverse engineer the difference. How platforms like YouTube, TikTok, Instagram, and X really reward content using metrics you can track and improve. How to design your own mini records in your niche, launches, challenges, and campaigns where the numbers actually matter for sales and clients. Practical systems for testing, hooks, formats, and posting schedules so you can stop guessing and start iterating like an engineer. If you like clear frameworks, real numbers, and step-by-step experiments more than vague post-consistently advice, this is your playbook. Turn your inner nerd loose on the algorithms and build a social presence that wins on purpose instead of by accident.
