Why We Build Power And Desire In Architecture:

Why We Build Rowan Moore, 2014-09-02 We are living in one of the most dramatic periods in modern architectural history a time when cityscapes are being redrawn on a yearly basis architects are testing the very idea of what a building is and whole cities are invented overnight In this bold and wide ranging new work Rowan Moore former director of the Architecture Foundation now a leading architecture critic explores the reasons behind these changes in our built environment and how they change the way we live in the world Provocative and personal iconoclastic and transforming Why We Build is that rarest of things a book about architecture that is also on every page a book about people those chosen few who design buildings and the rest of us who use them every day

Introducing Architectural Theory Korydon

Smith, Miguel Guitart, 2024-01-22 Building on the success of the first edition an engaging and reader friendly work on complex ideas Introducing Architectural Theory Expanding the Disciplinary Debate broadens the range of themes voices and geographies represented to provide a more comprehensive and contemporary theory book This book presents major discourses in architectural theory and design in a debate like format integrating a series of edited texts across architectural history with context and newly written commentaries by the authors This new edition has been fully revised updated and expanded to include long standing debates such as simplicity vs complexity or the relationship between form and function as well as newer discussions on innovation globalization and social equity Authors Smith and Guitart provide a comprehensive means and conceptual framework for readers to compare multiple points of view The chapter structure discussion questions and additional resources allow teachers to facilitate in class discussions and writing assignments This book remains the most accessible architectural theory textbook written for beginning architecture students and those outside the discipline Its reflective and critical approach will equally engage the minds of upper level students and experts

[Makers of Modern Architecture, Volume III](#) Martin Filler, 2018-09-25 An invaluable guide to lives and work of Frank Gehry Antoni Gaudí Frank Lloyd Wright Louis Kahn Maya Lin and other important figures of 20th and 21st century architecture Martin Filler's contribution to both architecture criticism and general readers understanding is invaluable according to Publishers Weekly This latest installment in his acclaimed Makers of Modern Architecture series again demonstrates his unparalleled skill in explaining the revolutionary changes that have reshaped the built environment over the past century and a half These studies of more than two dozen master builders women and men celebrated and obscure idealists and opportunists range from the environmental pioneer Frederick Law Olmsted and the mystical eccentric Antoni Gaudí to the present day visionaries Frank Gehry and Maya Lin Filler's broad knowledge embraces everything from the glittering Viennese luxury of Josef Hoffmann to the heavy duty construction of the New Brutalists from the low cost postwar suburbs of the Levitt Brothers to today's super tall condo towers on Manhattan's Billionaire's Row Sometimes the interplay of social and political forces leads to dark results as with Hitler's favorite architect Albert Speer and interior designer Gerdy Troost More often though heroic figures including
