## Goodreads Choice 2025 Store Hours:

*My City Links: March 2025 Issue* My City Links, 2025-03-04 Ruling hearts captivating minds Odia film industry's first superstar leaves behind an enduring legacy When veteran actor and Odia film industry's first superstar Uttam Mohanty passed away last month he left behind a void that will be difficult to fill in a hurry Our Cover Story puts together the amazing journey of a man who made a special place in the hearts and minds of people not just with his on screen persona but also with his demeanour in real life We join leading lights of the Odia film industry in paying a richly deserved tribute Each year March 21 is observed as the World Down Syndrome Day to raise awareness about this genetic condition in a bid to ensure their inclusion in the mainstream of society City Health explores what this condition is all about and the care and support system needed for people with Down Syndrome Since being sworn in after a historic win in the Odisha Assembly elections in June last year the Mohan Charan Majhi government has made its intentions clear through a series of initiatives to develop the state City Affairs brings you all the details from the Odisha Budget 2025-26 to the recent Utkarsh Odisha Make in Odisha Conclave 2025 In City Literature we take up The Nightingale a novel that tells the moving story of two sisters set against the backdrop of Nazi occupied France in World War II With its poignant themes and skilful narration of the disparate yet closely entwined experiences of the principal protagonists the novel is an enduring account of human resilience That creativity recognises no borders has been demonstrated yet again with a short film that was conceptualized in Cuttack shot in Kabul and saw post production work in three countries Screen Shots brings you all the details Four years ago a Malayalam film The Great Indian Kitchen turned the spotlight firmly on a disturbing yet little spoken about reality in many Indian households In 2024 its Hindi screen adaptation Mrs. Rekha reignited discussions on the roles that a deeply patriarchal mindset assigns to women Cityflix weighs in on the debate taking a close look at how the two films have dealt with the subject and the responses that they have elicited Elsewhere in the edition a new City Tales series brings you snapshots of temple tanks in Bhubaneswar that embody the region's rich religious and cultural traditions In City Green an informative news feature marks World Sparrow Day which is observed on March 20 every year *Scaling Fast* Swizec Teller, 2025-12-01 What happens when your startup hits the hockey stick Customers are flooding in deadlines are relentless and your engineering team is drowning in technical debt Scaling isn't optional it's survival In Scaling Fast Software Engineering Through the Hockeystick veteran startup engineer Swizec Teller shares hard won lessons from leading teams through hypergrowth From women's health startups scaling to nine figure Series B rounds to biotech platforms going from zero to eight figure revenue in just three years this is a practical guide to thriving when demand explodes You'll learn how to Scale the business without losing product market fit Grow teams with trust delegation and high output culture Balance speed quality and technical debt Use feature flags small and continuous delivery to keep shipping Know when to let small fires burn and when to fix them fast Architect your code to increase velocity and reduce bugs Drawing on real startup war stories this book shows what works and what doesn't

when your company is growing faster than your systems can handle If you liked Accelerate The Phoenix Project Team Topologies or The Lean Startup Scaling Fast is your engineer's playbook for surviving and thriving in hypergrowth Whether you're an engineer on your first rocket ship a tech lead managing rapid growth or a founder scaling without breaking everything this book will help you navigate chaos build resilient systems and keep moving forward Book Review 1 One of the most important skillsets in a career in tech startups is scaling yourself through hypergrowth there is no greater wealth engine in Silicon Valley when you get it right and there is no other skillset more underestimated by developers who rather fixate on pure code This is the first book I've seen focused on helping you scale the business scale the team and scale the tech in your next startup from someone who's now done it twice Shawn Swyx Wang founder of Latent Space Book Review 2 When your projects find their market and it's time to scale a few orders of magnitude this is the book for you Kitze founder of Zero To Shipped Book Review 3 As a recent IC turned engineering manager at a fast growing company I've found this book invaluable Since reading it I've ruthlessly cut back on the amount of parallel work streams and soloist developers and focused I've on having everyone work as a team We're getting more done and I have more confidence in handing off more authority and autonomy to the team Glen Stovall author of Product Thinking for Engineers Book Review 4 Congrats on PMF Now don't blow it Swizec is a grizzled veteran of the surreal PMF terrain where opportunity and danger lurk He's created the field guide that shows you how to keep your head keep your customers and turn traction into lasting strength Kyle Mathews founder of Gatsby and ElectricSQL Book Review 5 The year is 2025 and somehow Swizec Teller wrote a tech book without a single YAML deployment snippet or AI hype cycle diagram Instead Scaling Fast brings us something far more valuable a practical honest and often funny guide to what actually makes fast growing software companies succeed people teams and a bit of architectural sanity As someone who's seen growth from both the just ship it trenches and the why are we rewriting this again meeting rooms I can say this book hits close to home Swizec doesn't waste time on silver bullets He gives you actionable advice for the messy middle how to keep teams productive as headcounts double how to build tech that doesn't collapse under its own cleverness and how to stay focused on real business outcomes while your startup hurtles through hockey stick growth It's part therapy part playbook and fully worth your time Bas Steins host of Conversations with people in tech    *Kansas Farmer, Mail & Breeze, 1930*    **My Friends** Fredrik Backman, 2026-06-02 1 NEW YORK TIMES

BESTSELLER The New York Times bestselling author of A Man Called Ove and Anxious People returns with an unforgettably funny deeply moving tale of four teenagers whose friendship creates a bond so powerful that it changes a complete stranger's life twenty five years later Most people don't even notice them three tiny figures sitting at the end of a long pier in the corner of one of the most famous paintings in the world Most people think it's just a depiction of the sea But Louisa an aspiring artist herself knows otherwise and she is determined to find out the story of these three enigmatic figures Twenty five years earlier in a distant seaside town a group of teenagers find refuge from their bruising home lives by spending long

summer days on an abandoned pier telling silly jokes sharing secrets and committing small acts of rebellion These lost souls find in each other a reason to get up each morning a reason to dream a reason to love Out of that summer emerges a transcendent work of art a painting that will unexpectedly be placed into eighteen year old Louisa's care She embarks on a surprise filled cross country journey to learn how the painting came to be and to decide what to do with it The closer she gets to the painting's birthplace the more nervous she becomes about what she'll find Louisa is proof that happy endings don't always take the form we expect in this stunning testament to the transformative timeless power of friendship and art
