Choice & Voice Stephanie Fleck, Jolene Heinemann, 2020-08-15 What we allow our students to read tells them which stories we value and which we don't. Give students the power to develop reading lives that will endure beyond school walls. Collaborative Reader Workshop allows for student choice in reading, writing, and speaking; provides an authentic audience for student work; strengthens academic ELA skills; builds a wider school community of readers and fosters lifelong reading habits. Fleck and Heinemann offer teachers a clear model to establish this interactive reader workshop model in their classrooms as well as tools to get them started. Readers will have a reinvigorated excitement about independent reading and justification for its relevance in the classroom.

Everything and Less Mark McGurl, 2021-10-19 National Book Critics Circle Award Finalist, Best Book of Fall, Esquire and a Most Anticipated Book of 2021, Lit Hub. What Has Happened to Fiction in the Age of Platform Capitalism? Since it was first launched in 1994, Amazon has changed the world of literature. The Everything Store has not just transformed how we buy books; it has affected what we buy and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic, if you like this you might also like, has reorganized the fiction universe so that literary prize winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon's platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here, all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. *Everything and Less* is a hilarious and insightful map of both the commanding heights and sordid depths of fiction past and present that opens up an arresting conversation about why it is we read and write fiction in the first place.

A Course in Behavioral Economics Erik Angner, 2020-11-27 This textbook looks at decisions: how we make them and what makes them good or bad. In this bestselling introduction, Erik Angner clearly lays out the theory of behavioral economics and explains the intuitions behind it. The book offers a rich tapestry of examples, exercises, and problems drawn from fields such as economics, management, marketing, political science, and public policy. It shows how to apply the principles of behavioral economics to improve your life and work and to make the world a better place to boot. No advanced mathematics is required. This is an ideal textbook for students coming to behavioral economics from various fields. It can be used on its own in introductory courses or in combination with other texts at advanced undergraduate and postgraduate levels. It is equally suitable for general readers who have been captivated by popular science books on behavioral economics and want to know more about this intriguing subject. New to this Edition: An updated chapter on behavioral policy and the nudge agenda. Several new sections, for example, on the economics of happiness. Updated examples.

and exercises with an expanded answer key Refreshed ancillary resources make for a plug and play experience for instructors teaching behavioral economics for the first time
