wouldn't it be possible to develop popular computer programs that respond to a person's eye movement? The way this would work is for the computer's camera to follow eye movement and take commands when a specific time interval has elapsed. This is when the eye is aimed at a certain command such as 'save document'. This would save immense time and energy to all consumers. The purpose of this literature is to raise the bar for all interested parties. It's impossible to raise the sea level with a few drops of water; however, a tumultuous tropical rainstorm may raise the sea level by myriads. Tropical storms aren't positive encounters; however, the concept of raising the level for all humanity is relevant. It's important to learn from the bad and utilize the bad for good purposes. Empower the bad for the good via transformation. The question arises: what's the transformation process? By inspecting the negative attributes of the bad, finding solutions that transform them into good. That is the definition of a true leader.

Viktorija Širvinskytė, 2016-09-28. Master's Thesis from the year 2016 in the subject Tourism. Miscellaneous grade 1-3. Stralsund University of Applied Sciences. Faculty of Business Studies. course: Tourism Development Strategies. language: English. abstract: This thesis is aimed to test a hypothesis of the country brand's reliance on the online presence. The created evaluation model used in the primary research of this paper determines whether there is enough evidence in the data gathered to indicate that the online presence of a tourist destination corresponds to its country brand's rank. The research is focused on the online presence of Lithuania as a weak ranking country brand. The online presence results of Lithuania as a tourist destination are compared to the examples of two stronger country brands. The conclusions derived from the comparison of the results determine the success of the online presence of Lithuania. establish whether the hypothesis of the thesis is true or not while noting the limitations and possible errors of the research and provide the suggestions for the country brand and online presence improvements.
