Team Genius Rich Karlgaard, Michael S. Malone, 2015-07-07 A groundbreaking book that sheds new light on the vital importance of teams as the fundamental unit of organization and competition in the global economy Teams we depend on them for both our professional success and our personal happiness But isn't it odd how little scrutiny we give them The teams that make up our lives are created mostly by luck happenstance or circumstance but rarely by design In trivial matters say a bowling team the leadership of a neighborhood group or a holiday party committee success by serendipity is already risky enough But when it comes to actions by fast moving start ups major corporations nonprofit institutions and governments leaving things to chance can be downright dangerous Offering vivid reports of the latest scientific research compelling case studies and great storytelling Team Genius shows managers and executives that the planning design and management of great teams no longer have to be a black art It explores solutions to essential questions that could spell the difference between success and obsolescence Do you know how to reorganize your subpar teams to turn them into top performers Can you identify which of the top performing teams in your company are reaching the end of their life span Do you have the courage to shut them down Do you know how to create a replacement team that will be just as effective without losing time or damaging morale And most important are your teams the right size for the job Throughout Rich Karlgaard and Michael S. Malone share insights and real life examples gleaned from their careers as journalists analysts investors and globetrotting entrepreneurs meeting successful teams and team leaders to reveal some new truths The right team size is usually one fewer person than what managers think they need The greatest question facing good teams is not how to succeed but how to die Good chemistry often makes for the least effective teams Cognitive diversity yields the highest performance

gains but only if you understand what it is How to find the bliss point in team intimacy and become three times more productive How to identify destructive team members before they do harm Why small teams are 40 percent more likely to create a successful breakthrough than a solo genius is Why groups of 7 2 150 and 1 500 are magic sizes for teams Eye opening grounded and essential Team Genius is the next big idea to revolutionize business *Haunted Empire* Yukari Iwatani Kane,2014-03-18 Former Wall Street Journal technology reporter Yukari Iwatani Kane delves deep inside Apple in the two years since Steve Jobs s death revealing the tensions and challenges CEO Tim Cook and his team face as they try to sustain Jobs s vision and keep the company moving forward Steve Jobs s death raised one of the most pressing questions in the tech and business worlds Could Apple stay great without its iconic leader Many inside the company were eager to prove that Apple could be just as innovative as it had been under Jobs Others were painfully aware of the immense challenge ahead As its business has become more complex and global Apple has come under intense scrutiny much of it critical Maintaining market leadership has become crucial as it tries to conquer new frontiers and satisfy the public s insatiable appetite for insanely great products Based on over two hundred interviews with current and former executives business partners Apple watchers and others Haunted Empire is an illuminating portrait of Apple today that offers clues to its future With nuanced insights and colorful details that only a seasoned journalist could glean Kane goes beyond the myths and headlines She explores Tim Cook s leadership and its impact on Jobs s loyal lieutenants new product development and Apple s relationships with Wall Street the government tech rivals suppliers the media and consumers Hard hitting yet fair Haunted Empire reveals the perils and opportunities an iconic company faces when it loses its visionary leader *Big Think Strategy* Bernd Schmitt,2007 These are big ideas but Schmitt carefully breaks down his approach to create simple tools that can be adapted and applied within any company This book provides step by step instructions for sourcing innovative ideas evaluating them turning them into strategy and executing them What s more you ll find the guidance you need to lead and establish organizational structures that will sustain long term big thinking within your company **BOOK JACKET** *Adweek* ,2009-05

*The Business of Platforms* Michael A. Cusumano,Annabelle Gawer,David B. Yoffie,2019-05-07 A trio of experts on high tech business strategy and innovation reveal the principles that have made platform businesses the most valuable firms in the world and the first trillion dollar companies Managers and entrepreneurs in the digital era must learn to live in two worlds the conventional economy and the platform economy Platforms that operate for business purposes usually exist at the level of an industry or ecosystem bringing together individuals and organizations so they can innovate and interact in ways not otherwise possible Platforms create economic value far beyond what we see in conventional companies The Business of Platforms is an invaluable in depth look at platform strategy and digital innovation Cusumano Gawer and Yoffie address how a small number of companies have come to exert extraordinary influence over every dimension of our personal professional and political lives They explain how these new entities differ from the powerful corporations of the past They also question

whether there are limits to the market dominance and expansion of these digital juggernauts. Finally they discuss the role governments should play in rethinking data privacy laws antitrust and other regulations that could reign in abuses from these powerful businesses. Their goal is to help managers and entrepreneurs build platform businesses that can stand the test of time and win their share of battles with both digital and conventional competitors. As experts who have studied and worked with these firms for some thirty years this book is the most authoritative and timely investigation yet of the powerful economic and technological forces that make platform businesses from Amazon and Apple to Microsoft Facebook and Google all dominant players in shaping the global economy the future of work and the political world we now face. *Managing Innovation* Joe Tidd, John R.
