Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism

The Power of Mandate: How Visionary Leaders Keep Their Organization Focused on What Matters Most Scott Stawski, 2019-06-28 The book that reveals how today's most successful leaders turn vision into reality featuring profiles of Jeff Bezos Bill Gates Mark Zuckerberg Steve Jobs Reed Hastings Mike Lawrie and more Consensus Negotiation Compromise A democratic approach to leadership drives most organizations today Consensus based decision making may be popular but it is far from the best approach in business It's also rarely the right approach for C level executives especially now that digital technology is driving real business disruption Simply put consensus is an innovation killer The most successful disruptive companies are propelled forward by mandate driven leaders These leaders are inspired by a compelling belief idea strategy or tactic Through their willpower organizations are thrust into the future The mandate driven leadership model is the hallmark of visionaries who have changed entire industries and sustained consistent innovation in their own companies The Power of Mandate reveals what it takes to be an effective leader in today's disruptive business environment You'll learn how the most audacious visionaries managed turn their visions into reality This timely book will help you Discover your inner visionary Avoid the pitfalls of consensus leadership Create a mandate driven culture Develop leadership skills in others and more Profiles of the most successful mandate driven leaders including Amazon's Jeff Bezos Apple's Steve Jobs Facebook's Mark Zuckerberg Netflix's Reed Hastings Airbnb's Brian Chesky DXC Technology's Mike Lawrie and Microsoft's Bill Gates provide invaluable leadership lessons you can begin applying today
