between Qara w s teachings and those of other Muslim jurists Furthermore it compares the features of antisemitic writing with that of Qara w in order to answer the question as to whether Qara w s teachings actually constitute an expression of anti semitism Despite the subject of jihad in Palestine being so central to Qara w s thought there has not been a comprehensive and systematic academic study of this to date The book therefore represents a major contribution to the field and will appeal to anyone studying the Israel Palestine conflict Islamic Studies Jewish Studies Terrorism and Political Violence
