Testing the Submissive Al Daltrey, 2014-07-01 Abby stood nervously before her Master in the classic submissive pose fully nude legs apart wrists placed behind her back deeply ashamed of her evident arousal Worse she had to recount in exact detail the proceedings of her last whipping The whipping had been severe as was the case with most of the clients she was commissioned to serve These client appointments were scheduled a few weeks apart in order that the welts bruises and whatever other marks were left behind had ample time to heal After all each new client whether male female a couple or even a group surely deserved a fresh canvas upon which to begin Despite these harsh sessions her body reacted like that of a wanton whore as she retold of the sadistic punishments and extreme sexual use inflicted upon her body How far would her Master push her with these tests How far would Abigail go How many times could she stand before him blushing yet with that unmistakable tingle Their relationship was surely headed for a collision course Or was it This story contains STRONG BDSM While fully consensual it includes submission dominance sadism and masochism Please do NOT buy or read this if you are offended by graphic sexual descriptions including sexual violence All characters are aged 25 and it is recommended for an adult audience ONLY aged 21 This story is pure fiction and the author does not condone any violent behavior

Shaping the Wolf Within Your Dog Nathan B. Childs, 2004 Shaping the Wolf Within Your Dog is a comparison study of wolf and dog behavior It is also a comprehensive guide for living in harmony with dogs We know dogs are genetically related to the wolf and both exhibit identical instincts behaviors temperaments and dispositions and both abide to the law of nature that contends for any animal grouping to survive there must be social order and communication between its members Knowing this we should learn all we can about wolf behavior and incorporate that knowledge with our dogs By learning how pack animals establish social order and communicate with one another we can use this information to shape our dogs natural instincts without having to use food bribes or violence When we communicate in our dogs language we will be able to communicate our leadership The outcome will be predictable for we will be using the same methods of an alpha wolf when he establishes and maintains social order with a pack of wolves We will be shaping the same wolf instincts that are intact and engaged in each of our dogs Shaping the Wolf Within Your Dog illuminates The natural behavior of canines The language of canines How alphas lead their packs How alphas discipline and show affection The hierarchy of the wolf social order The natural friendliness loyalty and devotion of pack members How to pick the best pup from a litter How to establish social order with pups Basic obedience and off lead obedience Family protection training
