## **Texas Rangers Media Guide 2015:**

The Political Economy of Sports Television William M. Kunz, 2020-04-23 Drawing from theories of the political economy of communication this book offers readers a comprehensive data rich assessment of contemporary sports television and its evolution Providing an in depth look at the ownership and regulation of sports television in the United States William M Kunz analyzes a range of platforms networks and sports with particular focus on the way ownership has become concentrated in five conglomerates AT T CBS Comcast Disney and Fox The end result of years of media consolidation is that broadcast networks are now married to cable and streaming services under a single conglomerate which has implications for the cost of contracts and the negotiation of distribution deals Examining multiple platforms networks and sports in an all inclusive manner this volume documents the evolution and current state of affairs of sports television With historic and current data on rights fees for sports television leagues and events as well as carriage fees and subscription levels for sports related cable and satellite services this comparative study offers critical information for students and scholars conducting research on sports television

*Baseball at the Dawn of the Seventies* Paul Hensler, 2025-11-28 Moving from the volatile 1960s into the 1970s baseball faced many challenges The growing strength of a players union and the controversial movements of troubled franchises presented singular situations The game s commissioner was a recent arrival and with free agency not yet a factor a host of players were traded Under new managers several teams were emerging as potential fierce contenders for the top spot in their leagues The Baseball Hall of Fame opened its doors to former Negro Leaguers and several legacy ballparks reached the end of their service lives Thoroughly researched and illustrated this book covers the historical and cultural aspects of the national pastime in this era

The Sportsworld of the Hanshin Tigers William W. Kelly, 2018-11-13 Baseball has been Japan s most popular sport for over a century The Sportsworld of the Hanshin Tigers analyzes Japanese baseball ethnographically by focusing on a single professional team the Hanshin Tigers For over fifty years the Tigers have been the one of the country s most watched and talked about professional baseball teams second only to their powerful rivals the Tokyo Yomiuri Giants Despite a largely losing record perennial frustration and infighting among players the Tigers remain overwhelming sentimental favorites in many parts of the country This book analyzes the Hanshin Tiger phenomenon and offers an account of why it has long been so compelling and instructive Author William Kelly argues that the Tigers represent what he calls a sportsworld a collective product of the actions of players coaching staff management media and millions of passionate fans The team has come to symbolize a powerful counter narrative to idealized notions of Japanese workplace relations The Tigers are savored as a melodramatic representation of real corporate life rife with rivalries and office politics familiar to every Japanese worker And playing in a historic stadium on the edge of Osaka they carry the hopes and frustrations of Japan s second city against the all powerful capital

Strategic Sport Communication Paul M. Pedersen, Pamela C. Laucella, Edward (Ted) M. Kian, Andrea N. Geurin, 2024-04-10 Strategic Sport Communication Fourth
