For use with Grade 2. [Rigorous Reading](#) Nancy Frey, Douglas Fisher, 2013-09-13 What it really means to read closely. What could Fern Arable, Jay Gatsby and Winston Churchill possibly have in common? They all need masterful teachers to help students revel in their complexity. And Nancy Frey and Doug Fisher are just the two mentors to help you make that happen. Call it close reading, call it deep reading, call it analytic reading, call it what you like. The point is it's a level of understanding that students of any age can achieve with the right kind of instruction. In *Rigorous Reading* Nancy and Doug articulate an instructional plan so clearly and so squarely built on research that teachers, schools and districts need look no further. The 5 Access Points Toward Proficiency Purpose Modeling Teachers think aloud to demonstrate critical thinking and how good readers always know why they are reading. Close Scaffolded Reading Instruction Teachers engage students in repeated readings and discussions with text dependent questions, prompts and cues to help students delve into an author's ideas. Collaborative Conversations Teachers orchestrate collaborative learning to get students in the habit of exercising their analytical thinking in the presence of their peers. An Independent Reading Staircase Teachers artfully steer students to more challenging books with strategic bursts of instruction and peer conferences to foster metacognitive awareness. Performance Teachers offer feedback and assessments that help students demonstrate understanding of text in authentic ways and plan instruction based on student understanding. There's more. Also included are illustrative classroom video clips available via QR codes along with an online Facilitator's Guide with PowerPoints making *Rigorous Reading* the only resource a teacher, school or district needs to seriously stretch.

California. Department of Education, 2013 **Teaching Skills for Complex Text** Heidi Anne E. Mesmer, 2016 Tired of hearing about complex text. Bothered by the pushy messages about challenge. This book is for you. Unlike the many other materials on text complexity, this one focuses on specific comprehension skills that students need in order to really engage with text. This book will help elementary school teachers equip their students with practical tools and understandings of the structures and conventions that allow them to excel, including concrete tools, passages, games, lessons, and examples to teach anaphora, connectives, paragraph structure, gathering evidence, fiction and nonfiction, and text challenge. A final chapter specifies how to stretch students in texts while attending to their stamina, executive skills, and interests. Book Features: Text based lessons for grades 3-5; Opening vignettes which provide classroom context for each skill; Key objectives and Common Core Standards; Think aloud language to guide strategy development; Research based strategies and games; Real life scenarios of comprehension breakdowns all teachers will recognize are followed by detailed guidelines for best practice and step by step directions for activities to combat and remedy these pitfalls. This book is a valuable resource for all teachers supporting intermediate graders reading comprehension.
