Collective Investment Scheme Transactions in ASEAN+3 Asian Development Bank,2022-09-01 This report explores how the central securities depository and real time gross settlement CSD RTGS linkage model could be applied to collective investment scheme CIS passporting frameworks in Asia to enhance the post trade efficiency of the region's bond markets In Asia there are a number of multilateral CIS passporting frameworks but little attention has been given to how delivery versus payment settlements can be facilitated under such frameworks The report finds that the CSD RTGS linkage model has considerable potential to be applied in Asia as a settlement engine for the cross border transactions of bonds as well as for other financial instruments It outlines how this can be achieved by interlinking the region's CIS central platforms and delivery versus payment settlements infrastructure under the CSD RTGS model

**Cultural Rights as Collective Rights** Andrzej Jakubowski,2016-07-11 Collective cultural rights are commonly perceived as the most neglected or least developed category of human rights Cultural Rights as Collective Rights An International Law Perspective endeavours to challenge this view and offers a comprehensive critical analysis of recent developments in distinct areas of international law and jurisprudence from every region of the world in relation to the scope legal content and enforceability of such rights Leading international scholars explore the conceptualisation and operationalisation of collective cultural rights as human rights encompassing community rights and discuss the ways in which such rights may collide with other mostly individual human rights As such Cultural Rights as Collective Rights An International Law Perspective offers a cross cutting and original overview on how the protection recognition and enforcement of collective cultural rights affect the development changes and formation of general international law norms

*Water Governance and Collective Action* Diana Suhardiman,Alan Nicol,Everisto Mapedza,2017-09-08 Collective Action is now recognized as central to addressing the water governance challenge of delivering sustainable development and global environmental benefits This book examines concepts and practices of collective action that have emerged in recent decades globally Building on a Foucauldian conception of power it provides an overview of collective action challenges involved in the sustainable management and development of global freshwater resources through case studies from Africa South and Southeast Asia and Latin America The case studies link community

based management of water resources with national decision making landscapes transboundary water governance and global policy discussion on sustainable development justice and water security Power and politics are placed at the centre of collective action and water governance discourse while addressing three core questions how is collective action shaped by existing power structures and relationships at different scales What are the kinds of tools and approaches that various actors can take and adopt towards more deliberative processes for collective action And what are the anticipated outcomes for development processes the environment and the global resource base of achieving collective action across scales

**The Assembly of the Poor in Thailand** Bruce D. Missingham,2003 On 25 January 1997 a coalition of rural villagers and urban slum dwellers from every region of Thailand commenced a mass demonstration in front of Government House in Bangkok This became a defining moment in the struggle of the Assembly of the Poor to mobilize and sustain people in their nonviolent attempt to force the government to address their grievances many of which involved large scale development projects that adversely affected their communities Over twenty five thousand people joined the rally refusing to move until the government responded to their petition In the end the rally became an extended ninety nine day encampment in the heart of the city This book chronicles the development of a national protest movement analyzing its origins strategies and goals within the context of a growing democratic and civil society Using an anthropological approach Bruce Missingham bases his research on ethnographic fieldwork among the men and women who participate in the Assembly including a broad spectrum of villagers village leaders and NGO activists He explores the processes underlying mass mobilization and the social construction of protest discusses the contradictions and conflicts that have arisen and considers the degree of participation and democracy within the grassroots movement Finally he describes the Assembly's campaigns and changing fortunes following the Thai economic crisis in mid 1997 and looks at the results of its sustained protest activities
