Your Soul's Compass Joan Z. Borysenko, Ph.D., Gordon Dveirin, Ed.D., 2008-10-01. Drawing on spiritual wisdom from sacred texts across a variety of religious traditions, this is an elegant, simple and practical guide to get in touch with your higher self. Deepak Chopra, author of *The Seven Spiritual Laws of Success*, *Why am I here?* What does a life worth living look like? What is the higher intelligence trying to express through me? In this time of global change and uncertainty of spiritual indirection, Americans are asking these age-old questions with renewed curiosity. There's a thirst for meaning and purpose, a dawning realization that happiness isn't a commodity that can be bought with a gold card. Fulfillment and joy arise naturally from creative and compassionate action from the understanding that all life is interconnected and guided by a higher intelligence. Our personal choices make a difference and when they are spiritually inspired, even the smallest action serves a larger whole. Sacred texts ranging from the Torah to the New Testament, the Tao Te Ching to the Buddhist scriptures, the Vedantas to the Koran speak of making life-enhancing choices where a force greater than the individual flows through us and informs our thoughts and actions. In this book, we'll focus on the three classic aspects of living such a spiritually guided life: 1. alignment, maintaining a direct and personal connection to the Source of our Being; 2. discernment, distinguishing the movement of Spirit in our lives from our own wants, fears and social conditioning; and 3. action, making our best, most inspired contribution to the evolution of life.

Free to Pray, Free to Love Max Oliva, 1994 **Love and Loss** Betty Hibod, 2025-10-06

Many books have been written as histories recounting events that shaped the life of a group, society, nation

or civilization or as biographies recounting events and achievements relating to one person's life and work. Many books have been written putting forth ideas, philosophies and words of wisdom to live by. Some of these we call holy books or scripture. Fewer books have been written like this one which go behind the scenes of history, lay bare the feelings behind the philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge. This book is intensely even shockingly personal, not clinical or abstract or detached. It is an intimate, detailed, sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity. Its focus is narrow; it does not reveal much at all about anyone's visible public life or accomplishments, but it explores in great depth the invisible contents of minds, hearts and souls. The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path, but they are still only theoretical, hypothetical, mythical or metaphorical accounts. This book seeks to show how the theories and hypotheses play out pragmatically in real time and space, how the myths come alive in flesh and spirit, how the metaphors become the very things they symbolize. How does daily life look from inside someone in the throes of awakening? How does she know who or what she is? How is her destiny revealed? How do seemingly ordinary, mundane events become miracles? This book begins to answer those questions.

One Minute Wisdom Anthony De Mello, 1988-02-01 Through profound spiritual insights and his unique approach to the inner life, internationally acclaimed author Anthony de Mello points the way toward new levels of contemplation, happiness, love, wisdom and enlightenment. In more than two hundred parables and lessons about living life fully yet simply, de Mello gives examples filled with wisdom that cannot be conveyed in regular direct discourse. Rooted in the spirit of the Gospel and spanning the mystical traditions of East and West, this invigorating volume like all the author's previous books is intended to enliven our faith and free us from whatever imprisons our mind, body and soul. One Minute Wisdom will lead from sense to sensitivity, from mood to meaning, from thought to feeling. And as de Mello writes, "Wisdom can come without the slightest effort in the time it takes to open your eyes. Wherever your spiritual belief may lie, or even if you have no beliefs at all, you will find in these pages needed and helpful direction on continuing the process of self-discovering and on finding the satisfying riches that lie deep within you."
