## **The Venture Of Islam Volume 1 The Classical Age Of Islam:**

*The Venture of Islam, Volume 1* Marshall G. S. Hodgson, 1974-10-01 The Venture of Islam has been honored as a magisterial work of the mind since its publication in early 1975. In this three volume study illustrated with charts and maps Hodgson traces and interprets the historical development of Islamic civilization from before the birth of Muhammad to the middle of the twentieth century. This work grew out of the famous course on Islamic civilization that Hodgson created and taught for many years at the University of Chicago. This is a nonpareil work not only because of its command of its subject but also because it demonstrates how ideally history should be written. The New Yorker Volume 1 The Classical Age of Islam analyzes the world before Islam. Muhammad's challenge and the early Muslim state between 625 and 692. Hodgson then discusses the classical civilization of the High Caliphate. The volume also contains a general introduction to the complete work and a foreword by Reuben Smith who as Hodgson's colleague and friend finished the Venture of Islam after the author's death and saw it through to publication.

Ibn Miskawayh, the Soul, and the Pursuit of Happiness John Peter Radez, 2019-10-17

Ibn Miskawayh the Soul and the Pursuit of Happiness explores the moral philosophy and context of Ibn Miskawayh (932-1030) an advocate of the intellectually cultivated life with a strong religious bent. Though not necessarily a major innovator he sought through his writings to provide a moral compass for turbulent times much like thinkers such as Petrarch (1304-1374), Pico della Mirandola (1463-1494), Francois Rabelais (1494-1553), Montesquieu (1689-1755) or more recently Mortimer Adler (1902-2001). Despite the tumultuous times in which they lived these thinkers offered the world hope through a humanism that cultivated both civic and moral character. Whether directly expressed in his moral philosophy or illustrated in the examples of renowned or notorious historical figures Miskawayh's core idea is that one's character is much easier kept than recovered. In this book John Peter Radez shows how Miskawayh stands out not only as one of Islam's first ethicists but also one of its true intellectuals, thinker, historian, codifier of the science of adab and a truly happy sage who represented the best of his generation's intellectual and cultural elite. Miskawayh's message of how to create lives worthy of human beings his civic humanism resonates today.
