*Greek Religious Thought from Homer to the Age of Alexander* Francis Macdonald Cornford, 1923      **Interlinear Hebrew Greek English Bible, Volume 2 of 4 Volume Set - 1 Samuel - Psalm 55, Case Laminate Edition, with Strong's Numbers and Literal & KJV**, 2009-07

The only complete interlinear Bible available in English and it's keyed to Strong's Exhaustive Concordance. Thousands of pastors, students, and laypeople have found The Interlinear Bible to be a time saving tool for researching the subtle nuances and layers of meaning within the original biblical languages. Featuring the complete Hebrew and Greek texts with a direct English rendering below each word, it also includes The Literal Translation of the Bible in the outside column. But what truly sets this resource apart are the Strong's numbers printed directly above the Hebrew and Greek words. Strong's numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong's Greek and Hebrew dictionaries, analytical lexicons, concordances, word studies, and more. The Hebrew is based on the Masoretic Text, and the Greek is from the Textus Receptus. The sources of the texts are documented in the preface and are essentially the same, with some minor variations to the Hebrew and Greek texts used by the KJV translators. Only a small minority of Bible students ever achieve the ability to read the original biblical languages. This resource offers a non-threatening tool for those lacking language training to begin exploring the languages of Scripture. Conveniently includes the entire Hebrew and Greek text of the Bible in one place. Offering a concise literal translation of each Greek and Hebrew word, it's a great jumping off point for in-depth Bible study and text analysis. This Bible displays all the Hebrew, Aramaic, and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text, with literal accurate English meanings placed directly under each original word in interlinear form with Strong's Concordance numbers over each original word, enabling the Bible student whether knowing the original languages or not to refer to all lexicons and concordances that have also been coded with Strong's numbers. 2,936 pages bound in a bonded leather over boards hardback edition. This new edition has been much improved by a new typesetting of the New Testament Volume IV with larger print, the left marginal column containing a newly revised Literal Translation of the Bible 2000 and a right marginal column containing the Authorized King James Version 1769. The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition. The Old Testament does not yet have the 1769 King James Version. The only complete Interlinear Bible is now fully keyed to Strong's Concordance numbers. The Strong's numbering above each Hebrew and Greek word, along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version, opens a treasure house of Bible study possibilities for those who wish to understand the Scripture better. Its use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew and Greek words in the Hebrew and Greek lexicons. There is no substitute for a first hand knowledge of the original text. However, since only a small minority of Bible students retain an easy reading comprehension of the original text, the

Interlinear Bible is a welcome aid to Bible students laymen and pastors who wish to continue working with the original languages Jay P Green Sr 1918 2008 is Translator and Editor of The Interlinear Hebrew Greek English Bible and the translator of the Modern King James Version of the Holy Bible The Teenage Version of the Holy Bible and the Literal translation of the Holy Bible He has written numerous books on textual criticism Maurice A Robinson PhD is Associate Professor of Greek at Southeastern Baptist Theological Seminary in Wake Forest South Carolina

**Synopsis of the Pauline Letters in Greek and English** James P. Ware, 2010-11 This Greek English synopsis of parallel passages in the Pauline corpus and the Acts of the Apostles is an essential tool for studying the New Testament It has become fashionable in recent years to lay out parallels to Paul's writings The value of being able to examine such parallels so conveniently without having to use fingers thumbs spare pens and bookmarks to maintain access to multiple passages at the same time hardly needs to be stressed This volume however provides also the Greek with some indication of variant readings which is much better for those who can handle the Greek and who don't want to be confused by varied translations or misled by any hidden agendas of translators James D G Dunn University of Durham We have long needed a thorough and up to date synopsis of the Pauline letters The synopsis edited by James Ware does not limit itself to parallels in content but also explores parallel texts in terms of literary form and epistolary structure This immensely practical tool is a vital resource for the study of the Pauline letters Thomas R Schreiner The Southern Baptist Theological Seminary Ware has produced an invaluable tool for beginning and more advanced students of Paul Synopsis of the Pauline Letters in Greek and English provides a user friendly way to view how Paul addresses similar concerns in different contexts allowing ready access to how Paul formulates the ramifications of the good news as he addresses the needs of diverse congregations When turning to the study of Paul you will want to keep this volume within easy reach Joel B Green Fuller Theological Seminary Synopsis of the Pauline Letters in Greek and English provides students pastors and scholars with a powerful tool for comparing the Pauline letters While there are other Pauline synopses this is the only one that employs the Greek text with a critical apparatus as well as an English translation By bringing together groups of related passages Ware's synopsis enables readers to see how the Pauline letters treat similar themes This synopsis which fills a long standing need is destined to become a standard tool for Pauline exegesis Frank J Matera The Catholic University of America emeritus A wonderful resource that will delight and inform students and scholars alike Simply reading it is an education in Paul's letters and theology Using it carefully will provide endless opportunities to make connections and see new things Every serious student of Paul should own it Michael J Gorman St Mary's Seminary University
