The Well Wrought Urn Studies In The Structure Of Poetry:

The Well Wrought Urn Cleanth Brooks,1947 Critical analyses of ten English poems reveal changing styles from Donne to Yeats *The Well Wrought Urn* CLEANTH BROOKS, **The Well Wrought Urn** Cleanth Brooks,1947 Edward Said and the Authority of Literary Criticism Nicolas Vandeviver,2019-09-26 This book examines the earliest writings of Edward Said and the foundations of what came to be known as postcolonial criticism in order to reveal how the groundbreaking author of Orientalism turned literary criticism into a form of political intervention Tracing Said's shifting conceptions of literature and agency in relation to the history of American literary studies in the thirty years or so between the end of World War II and the last quarter of the twentieth century this book offers a rich and novel understanding of the critical practice of this indispensable figure and the institutional context from which it emerged By combining broad scale literary history with granular attention to the vocabulary of criticism Nicolas Vandeviver brings to light the harmonizing of methodological conflicts that informs Said's approach to literature and argues that Said's enduring political significance is grounded in his practice as a literary critic *Thomas Gray among the Disciplines* Ruth Abbott,Ephraim Levinson,2024-12-31 Throughout the 250 years that have passed since Thomas Gray's death he has primarily been celebrated as a poet This makes sense because although he published relatively little verse he published less indeed precisely nothing of his abundant polymathic writing in other fields His place within the history of scholarship has therefore been obscured Like many eighteenth century antiquaries however he shared his learning through correspondence and manuscript circulation and thereby influenced intellectual as well as literary life This book explores Gray's scholarship within the changing norms of eighteenth century disciplines at once locating him within histories of specialisation and examining the ways in which he challenges their narratives Scholars from across the humanities reveal his methods and global interests and analyse many newly uncovered manuscripts Offering fresh understanding of broader fields through focused investigation of Gray's multidisciplinary writings the book will appeal to scholars of eighteenth century literary intellectual and scientific history **Annotating Modernism** Amanda Golden,2020-05-04 Making extensive use of archival materials by Sylvia Plath John Berryman and Anne Sexton Amanda Golden reframes the relationship between modernism and midcentury poetry While Golden situates her book among other materialist histories of modernism she moves beyond the examination of published works to address poets' annotations in their personal copies of modernist texts A consideration of the dynamics of literary influence Annotating Modernism analyzes the teaching strategies of midcentury poets and the ways they read modernists like T S Eliot James Joyce Ezra Pound Virginia Woolf and W B Yeats Situated within a larger rethinking of modernism Golden's study illustrates the role of midcentury poets in shaping modernist discourse **The Well Wrought Urn** Cleanth Brooks,1949 **Modern Poetry and the Tradition** Cleanth Brooks,2018-02-01 This study presents the revolutionary thesis that English poetry and poetic theory were deflected from their richest line of development by the scientific rationalism that came with Hobbes and has

continued its restrictive influence to the present day when such poets as Yeats and Eliot have begun the reestablishment of the earlier line of development Originally published in 1939 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Re-Orienting the Fairy Tale** Mayako Murai,Luciana Cardi,2020-08-25 Readers will find inspiration and new directions in the cross cultural and interdisciplinary approaches to fairy tales provided by Re Orienting the Fairy Tale **Keats's Negative Capability** Brian Rejack,Michael Theune,Nicholas Roe,2019 Few critical terms coined by poets are more famous than negative capability Though Keats uses the mysterious term only once a consensus about its meaning has taken shape over the last two centuries Keats s Negative Capability New Origins and Afterlives offers alternative ways to approach and understand Keats s seductive term **William Shakespeare's Macbeth** Alexander Leggatt,2006 This guide to Shakespeare s play presents introductory comments on the contexts critical history and performance of the text annotated extracts from key contextual documents cross references between documents and sections of the guide suggestions for further reading **Hermeneutics, Linguistics, and the Bible** Stanley E. Porter,2024-01-25 The volume presents Stanley E Porter s considered thoughts and reflections on key questions of meaning and context addressing the problems of biblical interpretation and how a close collaboration between hermeneutics and linguistics can help to solve them The chapters display Porter s work in both fields examining how hermeneutics functions as a field in modern biblical studies and how the quest for meaning in biblical texts is underpinned by the study of linguistics The volume focuses on context for understanding the meanings of biblical texts Porter suggests that linguists can learn more from the philosophical questions around meaning that hermeneutics apply in their study of biblical texts and that there is more fruitful work to be done in the field of hermeneutics using insights from linguistics **The Well Wrought Urn : Studies in Thestructure of Poetry** C. Brooks,1968 *A History of English Literature: English literature of the 19th and the early 20th centuries, 1798 to the First World War, by J. W.
