VCE Study Templates

INFO:

To use the VCE Study Cards, you can distribute them to students in either a printed version or a digital copy. Print them A4 and fold them in half with the spine on the outside so they become a double-sided A5. Get students to write their study notes on them, keep them folded and laminate them for the perfect study notes. There are eight different coloured templates, so students can colour code their notes to their chosen subject area.

STARTER:

To begin this lesson, facilitate a whole-class discussion to check in with students about how they feel about the upcoming exam.

ACTIVITIES:

Provide students with the VCE Study Cards. Encourage students to fold the design for each subject area. You can allow students to work individually or in pairs to complete answers for each area, or they can work collaboratively.

PLenary:

At the end of this lesson, you can ask students if they have any questions in relation to their upcoming exam.

Differentiation:

As this resource can be differentiated to meet the needs of students at the discretion of the teacher, it is important to speak to your school's administration. We always like to hear from our students to see what they would like to share, any comments or suggestions.

ASSESSMENT:

As this is a study resource, there is no formal assessment. If you would like to assess any comments or suggestions, you can have students write a short reflection on their experience with the resource.
