Who Financed Hitler:

Who Financed Hitler James Pool, Suzanne Pool, 1978 Uncovers the means by which Hitler built the base from which the Third Reich would rise through contributions bribery and blackmail Who Financed Hitler James Pool, 1997-10 Jewish sources of financial support for the Nazis and much more *Hitler and His Secret Partners* James Pool, 1997 In this powerful expose about Hitler's secret funding James Pool tells the full story of the financial calculation exploitation and greed at the core of the Third Reich including startling revelations about those who provided Hitler with money and the moral support he needed The current furor over Nazi money held in Swiss banks makes this book extremely timely photos Print reviews The Nazi Hydra in America Glen Yeadon, 2008 This book exposes how US plutocrats launched Hitler then recouped Nazi assets to lay the post war foundations of a modern police state Fascists won WWII because they ran both sides Lays bare the tenacious roots of US fascism from robber baron days to Reichstag fire to the WTC atrocity and Homeland Security with a blow by blow account of the fascist take over of America's media *Hitler's Banker* Jean-François Bouchard, 2023-07-04 1932 The economic crisis in Germany was unprecedented a severe recession 6 million unemployed and a collapse in the popularity of Chancellor Brüning who was criticized for his lack of foresight and who stubbornly focused on a single objective reducing public deficits and restoring the state's finances under pressure from other European countries All the while far right parties which would soon take power were experiencing an irrepressible rise How can one not be struck by the similarity between the economic and political situation in Germany in 1932 and that of some Western countries in 2022 In a fictionalized biography tracing the astonishing career of Hjalmar Schacht a German financial genius of the last century Jean-François Bouchard indirectly highlights the interest in drawing inspiration from the economic methods that worked at that time With this perspective the current economic situation does not seem to be without a solution In 1933 Hitler appointed Hjalmar Schacht as Minister of the Economy A child from a modest background severely raised in the working class neighborhoods of the port of Elba brilliant at school but also mocked by his classmates he developed a distant haughty and arrogant personality very early on After studying philosophy and economics he wrote his thesis on mercantilism he climbed the ladder of power one step at a time As currency commissioner of the Weimar Republic Hjalmar Schacht reduced inflation and stabilized the Mark with a miraculous initiative the creation of a transitional currency the Rentenmark backed by mortgages The population embraced the idea It was a masterly success For Schacht the savior of German currency devotion to his country was boundless He became close to the NSDAP and participated in Hitler's rise to power attracted by his economic program Quickly appointed president of the Reichsbank in a still very weak Germany he did not try to restore the balance of the state's accounts Quite the contrary Abolishing the dogma of balanced public finances he applied an economic policy close to the New Deal launching major works and implemented his own solutions repatriation of German capital limiting imports to only those raw materials necessary for rearmament organizing Germany's insolvency vis vis

external creditors creating MEFO bills etc It was the end of unemployment that became the factor of social stabilization for Adolf Hitler and of consolidation of his power and of military hegemony In this regard sadly the incredible story of Hjalmar Schacht is the most painful demonstration of this process Jean Francois Bouchard began a classic executive career in 1986 after studying law with positions in the banking industry and at the corporate level He also taught financial analysis at the University of Toulon In 1995 he joined the Inspection Generale de la Banque de France From then on he carried out control missions in French and foreign banks France Europe the Caribbean and Africa as a specialist in banking supervision risk control and the fight against money laundering In 2005 he was resident advisor for two years to the National Bank of Romania where on behalf of the European Commission he piloted the upgrading program of this institution in view of Romania's admission to the European Union which took place on January 1 2007 He then went to Bulgaria to work on the preparation of that country's entry into the euro a project that did not materialize in the end due to the turbulence in the euro zone and the Bulgarian political authorities preferred to give up Back in France he was appointed head of mission at the Autorite de controle prudentiel he also headed the Lyon branch of the Banque de France for three years As head of mission he participated in the major European bank assessment exercise before the European Central Bank took over banking supervision in the framework of the Banking Union At the end of this large project he left in June 2014 as resident advisor to the International Monetary Fund in Libreville Gabon He is in charge of banking supervision for Central Africa i.e. the six countries of the CEMAC zone Gabon Cameroon Equatorial Guinea Central African Republic Congo Brazzaville and Chad as well as for the Democratic Republic of Congo Congo Kinshasa and Burundi

The American Axis Max Wallace, 2004-12-13 Examines how Charles Lindbergh's support for Nazi militarism and U.S. isolationism and Henry Ford's business dealings with Germany tarnished their idealized images Drawing on original sources Wallace brings out some pertinent connections between the two men's anti-Semitism and their ties with the rising Nazi regime Their influence culminated in an abuse of power that helped strengthen Hitler's regime and undermined the Allied war effort

The Paranormal Phenomena Michael Hur, 2016-02-20 As Bible believing Christians a question should be asked Does the Bible confirm the existence of paranormal realities as they pertain to UFOs ghosts ancient outer space travel teleportation time travel shadow governments and more The answer to that question is yes it does However what are the Bible's teachings regarding these subjects Are they the same as what mainstream media and new age teachers are telling us or could it be that the Bible gives a different and largely untold explanation to what they are In this book called The Paranormal Phenomena you will read and discover various Bible passages from the King James Authorized English Bible itself as it reveals many realities of the supernatural and the paranormal events of this world

Megargee, 2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military s strategic ideas were no better than Hitler s and often were worse 20 photos **Lives of Hitler's Jewish Soldiers** Bryan Mark Rigg, 2009 They were foot soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler s infamous race laws Pursuing the thread he first unraveled in Hitler s Jewish Soldiers Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long awaited companion volume he presents interviews with twenty one of these men whose stories are both fascinating and disturbing As many as 150 000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under

which many toiled during the Nazi years and afterward and their sobering reflections on religion and the Holocaust including what they knew about it at the time Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances Lives of Hitler's Jewish Soldiers deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II
