Walford's Guide to Reference Material: Generalia, language and literature, the arts

Albert John Walford,1998 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials No rigid definition of reference is applied In addition to the expected bibliographies indexes dictionaries encyclopaedias and directories a number of important textbooks and manuals of general practice are included While the majority of the items are books Walford is a guide to reference material Thus periodical articles microforms online and CD ROM sources are all represented In this volume a particular effort has been made to improve coverage of the latter two categories

Dance History Janet Adshead-Lansdale,June Layson,2006-05-18 Originally published in 1983 the first edition rapidly established itself as a core student text Now fully revised and up dated it remains the only book to address the rationale process techniques and methodologies specific to the study of dance history For the main body of the text which covers historical studies of dance in its traditional and performance contexts the editors have brought together a team of internationally known dance historians Roger Copeland and Deborah Jowitt each take a controversial look at the modern American dance Kenneth Archer and Millicent Hodson explain the processes they use when reconstructing lost ballets and Theresa Buckland and Georgina Gore write on traditional dance in England and West Africa respectively With other contributions on social dance ballet early European modern dance and feminist perspectives on dance history this book offers a multitude of starting points for studying dance history as well as presenting examples of dance writing at its very best Dance History will be an essential purchase for all students of dance

Teaching Dance Elizabeth Gibbons,2007 Teaching dance is an activity that is both a rigorous discipline which involves many years of study and a deeply personal expression Throughout the years from the time I first encountered the Spectrum I ve realized more and more what an amazing pedagogical tool it is for dance as an art form The Spectrum will help dance teachers address many issues including the following For the beginning teacher Did I meet my objectives How can I judge how well I did For the advanced teacher How

can I encourage initiative and make students more self motivated For the college or university teacher How do I help my colleagues in other disciplines and administration understand dance as an academic discipline What do I put in my tenure and promotion portfolio For teachers with adult beginner classes How do I introduce my adult learners to basic movement material without teaching down to them to recognize their cognitive level and maturity For teachers in private studios How can I teach so that I reach every student keep students coming back for more classes and thus keep enrollment and my business up When teaching large classes How can I provide feedback for every student in the class and still keep the class moving Whether you are facing a class of students for the first time or are an experienced teacher whether you teach children or adults whether in a recreational setting or college you will find useful information here Supported by illustrations examples sample lesson plans criteria sheets activity suggestions and discussion questions this work is designed for use as a textbook for student teachers and a resource for the professional teacher It includes practical tips and application suggestions with additional material downloadable from the author s website

Walford's Guide to Reference Material: Generalia, language & literature, the arts Albert John Walford, Marilyn Mullay, Anthony Chalcraft, 1993 This book has achieved international recognition as a reference tool and a one stop daily information source This new edition features many topics and is indispensable to librarians and information professionals revising reference collections etc *Walford's Guide to reference material.* Albert John Walford, 1995
