Technological Change and Economic Performance Albert N. Link, Donald Siegel, 2003-02-20 Reviews of the literature on historical and theoretical developments of technology and economic growth including productivity measures technical knowledge technological spillovers and stock market reactions to technology investment The Economics of Structural Change in Knowledge Francesco Quatraro, 2012-03-29 This book provides an elaboration upon the concept of knowledge from an economic viewpoint However this is not a book on economics of knowledge at least not in the conventional sense Most of the existing books on the matter have focused on the treatment of knowledge in terms of properties of knowledge as an economic good incentive schemes for the creation of knowledge issues about the codified tacit nature of knowledge and the like Economic Geography and the Unequal Development of Regions Jean-Claude Prager, Jacques-François Thisse, 2012 Behind the mystery of economic growth stands another mystery why do some places fare better than others This book aims to discuss the main economic reasons for the existence of peaks and troughs in the spatial distribution of wealth and people with a special emphasis on the role of large cities and regional agglomerations in the process of economic development **Entry and Post-Entry Performance of Newborn Firms** Marco Vivarelli, 2007-05-07 Entry and Post Entry Performance of Newborn Firms focuses on newborn firms analyzing the determinants of entry survival and post entry performance Written by a world leading expert on industrial dynamics whose previous book The Employment Impact of Innovation was very popular this book examines the policy implications of the differing motivations underlying the decision to start a new firm This groundbreaking book will be of use to economists with an interest in Europe as well as students and researchers across industrial economics management and entrepreneurial studies **An East Asian Model for Latin American Success** Anil Hira, 2007 This book presents an alternative development path for Latin America based on an East Asian model **Electronic Enterprises**, 1994 **Innovation, Entrepreneurship, and Technological Change** Albert N. Link, Donald S. Siegel, 2007-06-07 A comprehensive and integrative overview of the current thinking on innovation entrepreneurship and technical change written from an economics perspective for academics graduate and advanced undergraduate students of Business Studies Economics Entrepreneurship and Innovation Studies **Cost Structure and the Measurement of Economic Performance** Catherine J. Morrison Paul, 1999-02-28 Cost Structure and the Measurement of Economic Performance is designed to provide a comprehensive guide for students researchers or consultants who wish to model construct interpret and use economic performance measures The topical emphasis is on productivity growth and its dependence on the cost structure The methodological focus is on application of the tools of economic analysis the thinking structure provided by microeconomic theory to measure technological or cost structure and link it with market and regulatory structure This provides a rich basis for evaluation of economic performance and its determinants The format of the book stresses topics or questions of interest rather than the

theoretical tools for analysis Traditional productivity growth modeling and measurement practices that result in a productivity residual often called the measure of our ignorance are initially overviewed and then the different aspects of technological market and regulatory structure that might underlie this residual are explored The ultimate goal is to decompose or explain the residual by modeling and measuring a multitude of impacts that determine the economic performance of firms sectors and economies The chapters are organized with three broad goals in mind The first is to introduce the overall ideas involved in economic performance measurement and traditional productivity growth analysis Issues associated with different types of short and long run internal and external cost economies market and regulatory impacts and other general cost efficiencies that might impact these measures are then explored Finally some of the theoretical data construction and econometric tools necessary to justify and implement these models are emphasized

Technological Change and the Evolution of Corporate Innovation Birgitte Andersen, 2001 This work revisits in a modern context the ideas of Kuznets on technological growth paths but emphasises the structural variety in patenting where earlier authors focused on aggregate trends Topics covered include S shaped growth paths and innovation trajectories and diffusion

Electronic Enterprises: Looking to the Future, 1994 *Journal of Economic Literature*, 2003 **American Book Publishing Record**, 2003 **Technical Change and Economic Policy** Organisation for Economic Co-operation and Development, 1980 *Technical Papers Series*, 1979 *Economic Performance and the Theory of the Firm* David J.
