Coates,2023-06-10 Every movement has its bellweathers the ideas that lead the way and rally its adherents towards a set of shared values and visions Resettling America was one such beacon a publication for its time and ahead of its time Those of us doing the work of sustainability and the transformation of communities feel grateful for Gary s early and prescient contribution that has shaped the thinking of so many around the US and beyond Essential reading for all green warriors Jason F McLennan Chief Sustainability Officer Perkins Will Founder Living Building Challenge Originally published in 1981 and now reissued with a new Preface by Gary J Coates Resettling America was one of the first comprehensive

transdisciplinary books on the crisis of sustainability and the implications of that crisis for the re design of buildings towns cities and regions Through essays by Coates which provide a theory of ecological design and case studies written by leading authors and activists of the time the book presents a strategic vision of how it would be possible to create a sustainable and livable society through a process of cooperative community development rooted in a radical re visioning of nature self and society By providing a strategic vision as well offering practical means for creating a sustainable society worth sustaining Resettling America remains more relevant and inspiring than ever to those who face the ecology of crises that now surround us in the 21st Century
