The Words Risale I Nur Collection:

The Words Said Nursi, 2005 The Words forms the first part of the Risale i Nur collection an approximately 6 000 page Quranic commentary In this commentary Bediuzzaman Said Nursi s main concern is how to save and strengthen one s religious belief when confronted with the current prevalent materialist philosophy It does not explain when or why a verse was revealed but rather the truth that it represents Subjects discussed are God resurrection prophethood destiny ego worship and how the truth of these matters is revealed through nature The author also analyzes naturalist and materialist philosophy as well as scientific theories and findings and refutes them based on evidence that is clearly apparent in nature itself

From the Risale-i Nur Collection: The words Said Nursi, 1992 **The Words** Said Nursi, 2001 *From the Risale-i Nur Collection* Said Nursi, 1993 From the Risale-i Nur Collection : the Words Said Nursi, 1992 **The Words** , *The Secret behind our trials --, God, Man, and Mortality* Hasan Horkuc, 2015-04-07 God Man Mortality is a collection of essays written both by seasoned and by up and coming scholars working the field known as Nursi studies The aim of these essays is to hold a mirror up to Nursi s teachings on a number of issues just as Nursi held a mirror up to the teachings of the Quran The scope is broad covering subjects such as Divine immanence and transcendence human spirituality and man s role as Divine vicegerent Divine determining and free will and human conscience as evidence of the existence of God The topics presented by the authors are unashamedly theocentric in nature discussions on politics and legal theory are conspicuous by their absence We benefit from the depth of awareness that the contributors clearly have of Nursi s teachings and his place in the Muslim academe as well as from their lucid expository styles and strong authorial voices *From the Risale-i Nur Collection* Said Nursi, 1998 **Beginnings and Endings** Walter H. Wagner, 2013-10-07 Walter Wagner attempts to present a framework of understanding that outlines the philosophy and theology of Fethullah Gulen a worldwide known scholar of Islam who inspired a global movement of education and interfaith dialogue This book shows how Gulen s vision for the present and future makes the present and future forms of Hizmet an essential part of his wider and urgent call for the formation of a community of religiously committed and non religiously committed persons to work toward a just equitable and prosperous world now *From the Risale-i Nur Collection: Letters, 1928-1932* Said Nursi, 1993 **Bediuzzaman Said Nursi** Ramazan Balci, 2013-03-01 In the many dimensions of his lifetime of achievement as well as in his personality and character Bediuzzaman Said Nursi 1877 1960 was and through his continuing influence still is an important thinker and writer in the Muslim world At a time when science and philosophy were tools of an aggressive ideology of secularism Nursi strove for the revival of an Islamic consciousness Even though his nonviolent stance was clear he was seen as a potential danger and exiled to different corners of Anatolia During the exile he started writing his magnum opus Risale i Nur Epistles of Light by which he aimed to guide people to the truths of faith and make them understand the Quran correctly This book provides a summary of this hard but fruitful life spent in the way of faith **Globalization and Islamism** Nevzat

Soguk,2010-10-16 Tensions between the West and the Islamic world have reached an all time high fueled by caricatures and misunderstandings on both sides In contrast as Nevzat Soguk shows actual histories reveal profound connections across Islamic and Western civilizations Moving beyond the usual focus on Wahhabi fundamentalism Soguk highlights the often overlooked non Arab forms of Islam in Turkey and in Indonesia which holds the world s largest population of Muslims He argues that Westerners tend to see only an extremist form of Islam which obscures the political and cultural pluralism supported within majority Islamic countries around the world This book taps into the nexus of tension born of the fear and terror engendered by Wahabi movements on one hand and the promise of a tolerant pluralist Islamic religiosity in Turkey and Indonesia on the other It examines the multiple historical political and religious legacies in Turkey and Indonesia in light of the rapid globalization they are experiencing By focusing on these two countries the author fills a significant void on the diverse role Islam is poised to play in shaping regional and global political futures Original timely and humane this book will be essential reading for all those concerned about repairing Western Islamic relations **Reflections on the Qur'an** M.

Fethullah Gülen,2013-03-01 The Qur an is believed by Muslims to be the final word of God revealed to humanity through Prophet Muhammad speaking to all humans for all times This nature of Islam s holy book brings along a continuous study of it so that its injunctions are reinterpreted according to constantly changing times and conditions of our world This book presents such interpretations from a respected Muslim scholar who explains verses for the modern age G len is well informed of the classical exegetical discipline nevertheless in this book he keeps his explanations short and to the point not to tire away readers The book does not cover all the verses of the Qur an but selected ones those relate most to the human existence on earth life after death and stories revealed in the holy book **The Rays Collection** Said Nursi,2015

Globalization, Ethics and Islam Ibrahim Ozdemir,2017-03-02 Said Nursi 1877 1960 was an advocate of a form of Islam strongly committed to non violence and constructive engagement with the West and Christianity He has six million followers the Nursi community primarily in Turkey Yet many in the USA and Europe are not familiar with his important work this book seeks to rectify that gap In Globalization Ethics and Islam Jewish Christian and Islamic scholars reflect upon the achievement of Said Nursi and apply his thought to the complex issues of non violence dialogue and globalization **The Neoliberal**

Landscape and the Rise of Islamist Capital in Turkey Neşecan Balkan,Erol Balkan,Ahmet Öncü,2015-02-01 Islamist capital accumulation has split the Turkish bourgeoisie and polarized Turkish society into secular and religious social groupings giving rise to conflicts between the state and political Islam By providing a long term historical perspective on Turkey s economy and its relationship to Islamism this volume explores how Islamism as a political ideology has been utilized by the conservative bourgeoisie in Turkey and elsewhere to establish hegemony over labor The contributors analyze the relationship between neoliberalism and the political fortunes of the Islamist Justice and Development Party AKP and examine the similarities and differences amongst new factions in the secular and Islamic middle class that have benefited

economically socially and culturally during the AKP s reign The articles also investigate the impact of the G len Movement and the role of the media in shaping the contours of intra class struggle within contemporary Turkish political and social life

Atheism or Theism? Hakan Gok,2018-08-22 Is there a God is one of those irrepressible questions that has been debated throughout human history with scholars from opposites camps making the case for or against the existence of God It is a never ending debate This book first examines the theistic arguments developed by Islamic scholar Said Nursi in the twentieth century Although his arguments initially seem to be mere presentations of well established theistic arguments for God such as teleological and cosmological and arguments from miracles and morals it is clear that Nursi takes a fresh approach to these existing philosophical defences The book then analyses how Nursi tackles certain atheistic arguments such as the problem of evil and the possibility of existence without a creator and criticism leveled against the prophets and the Qur an
