Richard Bailey

The Vengerova System Of Piano Playing:

The Vengerova System of Piano Playing Robert D. Schick, 1982-01-01 This book is based on detailed notes taken by the author during a decade of study under one of the renowned teachers of piano whose pupils included such pianists as Gary Graffman Lilian Kallir Jacob Lateiner and Sylvia Saremba and such composer conductors as Samuel Barber Leonard Bernstein Lukas Foss and Thomas Scherman Following a brief chapter on Vengerova's personality the author presents the Vengerova system in respect to posture and hand position accents singing tone fingering and pedaling A final chapter discusses the merits of a relatively rigid system of musical instruction concluding that Vengerova's approach encouraged variety with an underlying unity a conclusion supported in a survey of her former pupils by Joseph Rezits The book is illustrated with photographs and excerpts from musical scores An appendix includes an article by the Soviet musicologist Vitaly Neumann on Isabelle Vengerova's teaching at the St Petersburg Conservatory from 1906 until the Revolution following a concert career It also includes an obituary by Jay S Harrison outlining her teaching accomplishments at the Curtis Institute and the Mannes College of Music between 1924 and her death in 1956

[The Performing Pianist's Guide to Fingering](#) Joseph

Banowetz, 2021-02-09 The Performing Pianist's Guide to Fingering the much anticipated companion to Joseph Banowetz's The Pianist's Guide to Pedaling provides practical fingering solutions for technical musical passages Banowetz contends that fingering choices require much thought and consideration and that too often these choices are influenced by historical traditions and ideas rather than by actual performance conditions By returning to the unedited original compositions he strives to help the advanced pianist think through the composer's musical intent and the actual performance tempo and dynamics when selecting the fingering Banowetz also includes valuable contributions by Philip Fowke who examines redistributions by Benno Moiseiwitsch in Rachmaninoff's compositions and Nancy Lee Harper who explores the often very different approaches to fingering found in keyboard music of the Baroque era The Performing Pianist's Guide to Fingering will be useful to the advanced pianist and to instructors looking to guide students in improving this important art
