The Warrior Song of King Gesar Douglas J. Penick, 1996 This is the epic tale in verse and prose of the legendary Tibetan warrior king Gesar of Ling. The Song of King Gesar

Alai, 2013-11-07 The first English translation of Tibet's founding myth written by the renowned Chinese poet novelist and winner of China's Mao Dun Prize. *The Song of King Gesar* is one of the world's great epics as significant for Tibetans as the *Odyssey* and *Iliad* were for the ancient Greeks. Passed down in song from one generation to the next, it is sung by Tibetan bards even today. Set partly in ancient Tibet where evil spirits mingle with the lives of humans and partly in the modern day, the tale tells of two lives inextricably entwined. Gesar, the youngest and bravest of the gods, has been sent down to the human world as an infant king to defeat the demons that plague the lives of ordinary people. Jigmed is a young shepherd who is visited by dreams of Gesar, of gods and of ancient battles while he sleeps. So begins an epic journey for both the shepherd and the king. Gesar grows from a willful child of the gods into the warrior king of Ling and will unite the nation of Tibet under his reign. Jigmed will learn to see his troubled country with new eyes and as the storyteller chosen by the gods must face his own destiny.

Diary of a Detour Lesley Stern, 2020-08-10 *Diary of a Detour* is film scholar and author Lesley Stern's memoir of living with chronic lymphocytic leukemia. She chronicles the fears and daily experience of coming to grips with an incurable form of cancer by describing the dramas and delving into the science. Stern also nudges cancer off center stage by turning to alternative obsessions and pleasures. In seductive writing, she describes her life in the garden and kitchen, the hospital and the library, and her travels down the street to her meditation center across the border to Mexico and across the world to Australia. Her immediate world is inhabited with books, movies, politics, and medical reports that provoke essayistic reflections. As her environment is shared with friends, chickens, a cat called Elvis, mountain goats, whales, lions, and microbes, the book opens onto a larger than human world. Intimate and meditative, engrossing and singular, *Diary of a Detour* offers new ideas about what it might mean to live and think with cancer and with chronic illness more broadly.
