The Web Traffic Book Ross Goldberg, 2010-08-31 **Practical Web Traffic Analysis** Peter Fletcher, Alex Poon, Ben Pearce, Peter Comber, 2013-11-11

Once you've got a web site up and running it is all too easy to sit back and relax. But how do you know you did a good job? How can you improve the site you have based on real user behaviour? Without getting feedback from your users how will you find out how it's being used? Web traffic analysis allows you to gain some insight into your site users where they come from, what pages they like and how often they come back. However, as statistics are prone to being misinterpreted, your insight often has to be taken with a pinch of salt. This book takes you through the process of analyzing your traffic without taking for granted the statistics that you generate. Assuming you have a web site, reading this book will help you learn the techniques for gathering data on your users. Standards and Guidelines you should adhere to when interpreting your data. What other sites are doing to ensure they respect the privacy of their users. Insight into how real sites use web traffic analysis. Major case studies from BBC News Online, eBay and ASPToday. Additional material from The Onion, SmartGirl and The New York Times. From the Publisher: This book is for any web professional who wants to understand their site traffic. It's also for anyone with an interest in finding out where their site is most used and how to make comparisons with other sites. To get the most from this book you'll need access to log files for your web site as they contain the information we'll show you how to analyze. The book discusses the privacy practices of The Onion, SmartGirl and The New York Times as well as examining in detail the traffic analysis techniques used by BBC News Online, eBay and ASPToday.

365 Days to Crazy Web Traffic C. J. Oakes, 2014-04-07

Website traffic is the Holy Grail of building a website. No one wants to build a website that no one visits. And all know that once enough traffic enters a website on a consistent basis the website can make an income for the owner either through sales or advertising. But the keys to getting web traffic eludes many while some seem to get traffic without any difficulty. Much has been written about building websites optimizing and adding special features with the hopes that someone anyone will visit your website. Some have tried to add every bell and whistle possible to their website in hopes that traffic will grow. Some have even paid outside firms with grandiose promises huge sums to get traffic which never materialized. Some have practically given up entirely. However, building a website that gets traffic crazy amounts of traffic is really no great mystery. In this book author and websperts C J Oakes takes you on a ride through the simple yet profound road to web traffic. In this the first book in the series Mr Oakes teaches how to build a website from the ground up adding as you go the tools which will provide traffic. He provides the keys to opening the toll gate so that traffic can flow. He takes you on a journey through the world of WordPress the tool in which he builds all his websites and shows you a simple method he employs to get crazy web traffic from the search engines alone. Although he uses WordPress and encourages new comers to the web to do so as well the principles he teaches apply to any building platform. This first book is Month One which according to the Guarantee in the front of his book is really all that is needed to get excellent traffic results.

on your website In the following months he will present the more advanced elements which when put into force will result in even greater website traffic than most readers ever imagined possible But this book is Month One 30 Days 30 Chapters each designed to lead you one step at a time toward Crazy Web Traffic in only 365 Days His guarantee is simple Do what he says and if you are not getting more traffic than you ever thought possible he will not only refund your purchase price but also provide you with a free website analysis to help you grow So get in strap your safety belt and enjoy the ride In just 365 Days you will find yourself in Crazy Web Traffic
