The Weight Loss Hypnosis Solution Joshua Seth, 2008-08-01 Rapid Weight Loss Hypnosis Dorothy Smith, Richard T Bailey, 2020-10-18 Are you looking for a quick and easy way for weight loss Then keep reading Weight loss can be a challenging and overwhelming journey Many weight loss resources focus largely on your diet which is certainly important but can also be overwhelming When you embark on the journey of weight loss you might find yourself struggling to step away from old habits that lead to your weight gain in the first place You may find yourself constantly bouncing back and forth between being on the wagon and off the wagon which may lead to you feeling guilty and struggling even more to fulfill your desires of weight loss Many times what people do not realize is that your diet is only partially responsible for your ability to lose weight Your mindset accounts for a big portion of your weight loss success In fact some might even argue that it is more important for you to master your mindset than anything else because with the right mindset you can set yourself up to accomplish anything With that being said when it comes to something such as weight loss a simple shift in your mindset is unlikely to be enough You will likely need a full mindset makeover to help you commit to your new weight loss journey and stay on track That is where hypnosis comes in As you will learn hypnosis is a powerful practice that allows you to essentially tap into your subconscious mind and begin to rewire your mindset This means that you are not just changing your thoughts on a conscious level but you are changing them right down to the very root of what encourages your thoughts in the first place For many people this is the difference between successful weight loss and unsuccessful weight loss If you have been struggling with yo yo dieting feelings of defeat and general overwhelm when it comes to weight loss hypnosis is likely exactly what you need to help you get your whole mind on board with your transformation In this book you will find Information About Rapid Weight Loss Hypnosis Step by Step Hypnotherapy for Weight Loss Daily Weight Loss Meditations Positive Affirmations for Weight Loss Information About Emotional Eating What is Intuitive Eating The 10 Principles of Intuitive Eating Benefits of Intuitive Eating Mindful Eating Science and Psychology of Intuitive Eating Intuitive Eating for the Body You Want And much more When you change your mind right down to the very way that it is wired you change the entire way that you interact with food You completely shift your habits around what inspires you to eat what you choose to eat and even how your body digests that food Through these transformations you find yourself experiencing healthy and natural weight loss in a way that does not feel like you are starving yourself or depriving yourself in order to reach your goals Furthermore these transformations are long lasting as they truly do change the way your mind works I can go on and on talking about Rapid Weight Loss Hypnosis here but I would like you to know more about it so enough with all the chitchat and let's get started with what you really came here for *The Alpha Solution for Permanent Weight Loss* Ronald Glassman, Mollie Doyle, 2007-04-10 What if you could lose weight easily without diets calorie counters or complicated workouts For the last twenty five years Dr Ronald Glassman has helped thousands of his patients lose weight from five pounds to 150 pounds and

keep it off And he knows that the answer to overeating is not another diet or exercise regimen The answer is to harness the power of your mind The Alpha Solution presents his phenomenally successful scientific approach to easy permanent weight loss and proves that you literally can think yourself thin For many of us the result of years of poor eating or eating for psychological and social reasons rather than nutritional ones means that subconsciously we have been conditioned to eat the wrong foods in the wrong quantities Despite our desire to be lean strong and healthy we re still subconsciously programmed to overeat crave certain foods and snack unnecessarily This is why diets don t work Even if we know we should choose salad over pizza our subconscious mind ingrained with years of negative eating habits undermines our efforts at every turn The solution Give your brain a new food blueprint by tapping into its Alpha state the state right before you fall asleep in which your subconscious mind is open to suggestion and change Through a series of simple questionnaires Dr Glassman guides you through the process of identifying the food issues you need to overcome and creating two personalized scripts tailored to your specific weight loss needs You will then record the scripts on a tape or CD and listen to the recordings each night as you fall asleep The changes are immediate and dramatic you will begin reaching for healthy foods keeping proper portion sizes and turning down the fattening sugary foods you used to crave Within days your eating habits will be transformed and you will begin melting away the pounds seemingly without effort Filled with success stories The Alpha Solution is already changing the lives of people everywhere Losing weight has never been this easy and you will never have to diet again What could be better than that No counting calories No carb restriction No complex menus No special workouts Finally a medically proven way to change your relationship with food forever no diet or exercise required This revolutionary book reveals how to literally think yourself thin by simply and easily training your brain to automatically crave healthy foods in the proper portions Whether you want to lose ten pounds or fifty The Alpha Solution will quickly make diet struggles a thing of the past and keep you fit and thin for life
