The Wheat Princess by Jane Webster is a worthy classic first published in 1905. It depicts life in Italy of the 1800s and early 1900s where pauperism and affluence resided side by side. During a semester spent in Europe with Italy as her base, Jane Webster did some research for her thesis titled "Pauperism in Italy". She documented her travels in a column with the Poughkeepsie Sunday Courier and also put together materials for a short story, "Villa Gianini", which was published in 1901. She later expanded "Villa Gianini" into a novel, "The Wheat Princess". The plot is authentic, the descriptions are breathtaking, and the romance is right on point. Grab your copy today and experience what life and romance in the Italy of yesterday.

If you leave the city by the Porta Maggiore and take the ViaPr nestina which leads east into the Sabine hills at some thirty sixkilometers distance from Rome you will pass on your left a grey walledvillage climbing up the hillside This is Palestrina the old RomanPr neste and a short distance beyond also on the left you will findbranching off from the straight Roman highway a steep mountain road which if you stick to it long enough will take you after manywindings to Castel Madama and Tivoli Several kilometers along this road you will see shooting up from a barecrag above you a little stone hamlet crowned by the ruins of amediaeval fortress The town Castel Vivalanti was built in the dayswhen a stronghold was more to be thought of than a water supply andits people from habit or love or perhaps sheer necessity have livedon there ever since going down in the morning to their work in theplain and toiling up at night to their homes on the hill So steep isits site that the doorway of one house looks down on the roof of thehouse below and its narrow stone streets are in reality flights ofstairs The only approach is from the front by a road which winds andunwinds like a serpent and leads at last to the Porta della Luna through which all of the traffic enters the town The gate isornamented with the crest of the Vivalanti a phoenix rising out of theflame supported by a heavy machicolated top from which in the olddays stones and burning oil might be dropped upon the heads of theunwelcome guests The town is a picturesque little affair it would be hard to find aplace more so in the Sabine villages it is very very poor In themarch of the centuries it has fallen out of step and been left farbehind to look at it one would scarcely dream that on the clear daysthe walls and towers of modern Rome are in sight on the horizon But inits time Castel Vivalanti was not insignificant This little hamlet hasentertained history within its walls It has bodily outfaced robberbarons and papal troops It has been besieged and conquered and alas betrayed and that by its own prince Twice has it been razed to theground and twice rebuilt In one way or another though it hasweathered the centuries and it stands to day grey and forlorn clustering about the walls of its donjon and keep Castel Vivalanti as in the middle ages still gives the title to aRoman prince The house of Vivalanti was powerful in its day and theprinces may often be met with not always to their credit in thehistory of the Papal States They were oftener at

war than at peace with the holy see and there is the story of one pope who spent four weary months watching the view from a very small window in Vivalanti's donjon. But in spite of their unholy quarrels they were at times devout enough and twice a cardinal's hat has been worn in the family. The house of late years has dwindled somewhat both in fortune and importance but nevertheless Vivalanti is a name which is still spoken with respect among the old nobles of Rome.
