The Whole Difference Selected Writings Of Hugo Von Hofmannsthal:

The Whole Difference Hugo Von Hofmannsthal, 2008-10-26 Hugo von Hofmannsthal is one of the modern era's most important writers but his fame as Richard Strauss's pioneering collaborator on such operas as *Der Rosenkavalier* and *Die Frau ohne Schatten* has obscured his other remarkable writings his precocious lyric poetry inventive short fiction keen essays and visionary plays *The Whole Difference* which includes new translations as well as classic ones long out of print is a fresh introduction to the enormous range of this extraordinary artist and the most comprehensive collection of Hofmannsthal's writings in English Selected and edited by the poet and librettist J D McClatchy this collection includes early lyric poems short prose works including *The Tale of Night Six Hundred and Seventy Two A Tale of the Cavalry* and the famous *Letter of Lord Chandos* two full length plays *The Difficult Man* and *The Tower* as well as the first act of *The Cavalier of the Rose* From the glittering salons of imperial Vienna to the bloodied ruins of Europe after the Great War the landscape of Hofmannsthal's world stretches across the extremes of experience This collection reflects those extremes including both the sparkling social comedy of *The Difficult Man* Hans Karl so sensitive that he cannot choose between the two women he loves and the haunting fictional letter to Francis Bacon in which Lord Chandos explains why he can no longer write Complete with an introduction by McClatchy this collection reveals an artist whose unusual subtlety and depth will enthrall readers

Poetics of Dance

Gabriele Brandstetter, 2015-03-11 When it was first published in Germany in 1995 *Poetics of Dance* was already seen as a path breaking publication the first to explore the relationships between the birth of modern dance new developments in the visual arts and the renewal of literature and drama in the form of avant garde theatrical and movement productions of the early twentieth century Author Gabriele Brandstetter established in this book not only a relation between dance and critical theory but in fact a full interdisciplinary methodology that quickly found foothold with other areas of research within dance studies The book looks at dance at the beginnings of the 20th century the time during which modern dance first began to make its radical departure from the aesthetics of classical ballet Brandstetter traces modern dance's connection to new innovations and trends in visual and literary arts to argue that modern dance is in fact the preeminent symbol of modernity As Brandstetter demonstrates the aesthetic renewal of dance vocabulary which was pursued by modern dancers on both sides of the Atlantic Isadora Duncan and Loie Fuller Valeska Gert and Oskar Schlemmer Vaslav Nijinsky and Michel Fokine unfurled itself in new ideas about gender and subjectivity in the arts more generally thus reflecting the modern experience of life and the self understanding of the individual as an individual As a whole the book makes an important contribution to the theory of modernity

Permanent Liminality and Modernity

Arpad Szakolczai, 2016-10-04 This book offers a comprehensive sociological study of the nature and dynamics of the modern world through the use of a series of anthropological concepts including the trickster schismogenesis imitation and liminality Developing the view that with the theatre playing a central role the modern world is conditioned as much by cultural processes as it is by economic

technological or scientific ones the author contends the world is to a considerable extent theatrical a phenomenon experienced as inauthenticity or a loss of direction and meaning As such the novel is revealed as a means for studying our theatricalised reality not simply because novels can be understood to be likening the world to theatre but because they effectively capture and present the reality of a world that has been thoroughly theatricalised and they do so more effectively than the main instruments usually employed to analyse reality philosophy and sociology With analyses of some of the most important novelists and novels of modern culture including Rilke Hofmannsthal Kafka Mann Blixen Broch and Bulgakov and focusing on fin de siècle Vienna as a crucial threshold chronotope of modernity Permanent Liminality and Modernity demonstrates that all seek to investigate and unmask the theatricalisation of modern life with its progressive loss of meaning and our deteriorating capacity to distinguish between what is meaningful and what is artificial Drawing on the work of Nietzsche Bakhtin and Girard to examine the ways in which novels explore the reduction of human existence to a state of permanent liminality in the form of a sacrificial carnival this book will appeal to scholars of social anthropological and literary theory

Interdisciplinary Perspectives on Aging in Nineteenth-Century Culture Anne-Julia Zwierlein, Katharina Boehm, Anna Farkas, 2013-08-15 This essay collection develops new perspectives on constructions of old age in literary legal scientific and periodical cultures of the nineteenth century Rigorously interdisciplinary the book places leading researchers of old age in nineteenth century literature in dialogue with experts from the fields of cultural legal and social history It revisits the origins of many modern debates about aging in the nineteenth century a period that saw the

emergence of cultural and scientific frameworks for the understanding of old age that continue to be influential today The contributors provide fresh readings of canonical texts by Charles Dickens Elizabeth Gaskell Anthony Trollope Thomas Hardy Henry James and others The volume builds momentum in the burgeoning field of aging studies It argues that the study of old age in the nineteenth century has entered a new and distinctly interdisciplinary phase that is characterized by a set of research interests that are currently shared across a range of disciplines and that explore conceptions of old age in the nineteenth century by privileging respectively questions of agency of place of gender and sexuality and of narrative and aesthetic form

Political Alchemy: Technology Unbounded Agnes Horvath, 2021-03-21 This book explores politics as a form of alchemy understood as the transformation of entities through an alteration of their identities Identifying this process as a common denominator of many political phenomena such as EU integration mediatisation communism or globalisation the author demonstrates not only the widespread presence of alchemical techniques in politics but also the acceleration of their deployment A study of the steady growth of power as it reaches a continuous and permanent stage thus avoiding the inherent difficulties connected with birth and death of political organisations and institutions this volume reveals political alchemy to be a form of self sustaining growth through sterile multiplication devoid of meaning Revealing both the integrative and disintegrative nature of a political process that while appearing to work in the interests of all in fact produces apathy desperate mobilisation and despair by crushing concrete entities such as personality and tradition *Political Alchemy: Technology Unbounded* will appeal to scholars of sociology and anthropology with interests in social theory and political thought *Publications of the Modern Language Association of America* ,2009 **The New Criterion** ,2009 **Choice** ,2009 **Bibliographie der deutschen Sprach- und Literaturwissenschaft** ,2009 *AdI* ,1983 **Twentieth-century Literary Criticism** Gale Research Company,1986 Excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900 1960 *PN Review* ,1995 *Selected Plays and Libretti* Hugo von Hofmannsthal,1963 **The Times Index** ,2009 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement
