WIN-WIN NEGOTIATION Silviu Vasile, Negotiation skills are about two things influence and this is the leadership qualities you have and the power of persuasion and reaching agreement These two qualities can be practiced daily because the negotiation process never stops You will always want something you don't have and to get the service or product you want you will have to turn to the person or people who do Bargaining as I said is the way to satisfy an interest It is without doubt a form of communication and persuasion which is why we have introduced both persuasion and communication into the Culture of Value It is information that if you go through it you will be able to succeed better in your quest to get what you want Negotiation is a skill that can be learned easily It helps you cope in certain circumstances You can use negotiation techniques in sales purchases contracts The most important thing is that a negotiator learns to prepare It depends on how much you want to get what you want in the end The more you want the better you will prepare for the negotiation and show during the negotiation process that you are not so interested in the final result A good negotiator knows how to plan everything efficiently and well All you need to do is to value your ideas and believe that you are valuable Negotiating is not a battle not for today or tomorrow but for your whole life I can only challenge you to read this book as well as the others in Value Culture and wish you success
