**Your Invisible Power** Genevieve Behrend, 2012-04-30 These pages have been written for the purpose of furnishing you a key to the attainment of your desires and to explain that Fear should be entirely banished from your consciousness in order for you to obtain possession of the things you want. The exercise of the visualizing faculty keeps your mind in order and attracts to you the things you need to make life more enjoyable in an orderly way. **Your Invisible Power** Genevieve Behrend, 2017-10-15 These pages have been written with purpose and hope that their suggestions may furnish you a key to open up the way to the attainment of your desires and to explain that Fear should be entirely banished from your effort to obtain possession of the things you desire. This presupposes of course that your desire for possession is based upon your aspiration for greater liberty. For example, you feel that the possession of more money, lands, or friends will make you happier.

and your desire for possession of these things arises from a conviction that their possession will bring you liberty and happiness In your effort to possess you will discover that the thing you most and ultimately need is to Be always not spasmodically your best self that self which understands that the mistakes of those you love are simply misunderstandings Your feeling that greater possessions no matter of what kind they may be will of themselves bring you contentment or happiness is a misunderstanding No person place or thing can give you happiness They may give you cause for happiness and a feeling of contentment but the joy of Living comes from within Therefore it is here recommended rather than otherwise that you should make the effort to obtain the things which you feel will bring you joy provided as previously stated that your desires are in accord with the joy of Living It is also desired in this volume to suggest the possibilities in store for all who make persistent effort to understand the Law of Visualization and make practical application of this knowledge on whatever plane he or she may be The word effort as here employed is not intended to convey the idea of strain All study and meditation should be without strain or tension It has been my endeavor to show that by starting at the beginning of the creative action or the mental picture certain corresponding results are sure to follow While the laws of the Universe cannot be altered they can be made to work under specific conditions thereby producing results for individual advancement which cannot be obtained under the spontaneous working of the law provided by Nature However far the suggestions I have given you of the possibilities in store for you through visualizing may carry you beyond your past experience they nowhere break the continuity of the law of cause and effect If through the suggestions here given anyone is brought to realize that their mind is a center through and in which all power there is is in operation simply waiting to be given direction in the one and only way through which it can take specific action and this means reaction in concrete or physical form then the mission to which this book is dedicated has been fulfilled Try to remember that the picture you think feel and see is reflected into the Universal Mind and by the natural law of reciprocal action must return to you in either spiritual or physical form Knowledge of this law of reciprocal action between the individual and the Universal Mind opens to you free access to all you may wish to possess or to be Thus conditioned whatever you think and feel yourself to be the Creative Spirit of Life is bound to faithfully reproduce in a corresponding reaction This is the great reason for picturing yourself and your affairs as you wish them to be as existing facts though invisible to the physical eye and live in your picture An honest endeavor to do this always recognizing that your own mind is a projection of the Originating Spirit will prove to you that the best there is is yours in all your ways Genevieve Behrend

Look around you and you will see that nothing ever happened without first being conceived in a thinking mind Every material thing in this world is projected thoughts goals achieved visions manifested and dreams realized This book was written to help you unlock the way to the attainment of your dreams When your understanding grasps the power to visualize your heart s desire and hold it with your will it attracts to you all things required to the fulfillment of that picture by the harmonious vibrations of the law of attraction Be enthusiastic about your dreams and have faith Keep your mental picture close to your mind Trust in the unfailing laws of this universe Cultivate patience knowing that it takes years for the roots to produce the tree that will produce the fruits [Your Invisible Power & How to Live Life and Love It: Learn How to Use the Power of Visualization](#) Geneviève Behrend,2022-07-03 [American Book Publishing Record ,1980](#) [Your Invisible Power \(Create by the Power of Your Thoughts\)](#) Genevieve Behrend,2016-06-13 Genevieve Behrend 1881 in Paris 1960 in United States was

a French born author and teacher of Mental Science a New Thought discipline created by Thomas Troward There is little known about her early life except that one of her parents was Scottish 1 After her husband died she traveled extensively She studied Christian Science and met its founder Mary Baker Eddy but ultimately left that faith She met Abdul Baha whose father had founded Bahaiism and Abdul told her that she would travel the world over seeking the truth and when she had found it would speak it out She later wrote in her book Your Invisible Power that she found a book of Thomas Troward s lectures Inspired by this she wanted to study with Troward but lacked the money to travel to Cornwall England where he lived as she was then living in New York 2 So every night and morning she visualized counting out twenty 1 000 bills buying her ticket to London travelling on the ship and being accepted as Troward s pupil She also constantly affirmed to herself My mind is a center of Divine operations Then to quote her in Your Invisible Power While these reflections were going on in my mind there seemed to come up from within me the thought I am all the substance there is Then from another channel in my brain the answer seemed to come Of course that s it everything must have its beginning in mind The I the Idea must be the only one and primary substance there is and this means money as well as everything else My mind accepted this idea and immediately all the tension of mind and body was relaxed In about six weeks she received the money From 1912 until 1914 she studied with Thomas Troward Behrend was the only personal student he had throughout his life After her studies with Troward she founded a New Thought school called The School of the Builders in approximately 1915 in New York City running it herself until 1925 She then founded another New Thought school in Los Angeles after which she traveled throughout North America lecturing on mental science and New Thought for 35 years as well as giving radio broadcasts She is quoted as an expert in the best selling self help book The Secret by Rhonda Byrne
