Apple Music Compare Sign In:

Take Control of Your Apple Account, 2nd Edition Glenn Fleishman, 2025-09-10 Prevent or solve problems with your Apple Account Version 2.0 updated September 10, 2025 The center of the Apple world is your Apple Account. This identifier ties up your access to iCloud, to purchased and streaming music, TV and movies, and to all your devices. While an Apple Account is essential, Apple has made it difficult to navigate the many features associated with it, and particularly to troubleshoot and resolve problems that crop up. This book answers dozens of questions and guides you through solutions. It also explains how to use security recovery and other features tied to your Apple Account. Everything Apple relies on your Apple Account. It's a key that unlocks a long list of Apple products and services on any of numerous devices. iCloud uses an Apple Account, as does Apple Music, the App Store, the Music, TV, and Books apps, and more. An Apple Account protects your personal information, including email, and iPhone, iPad, Mac, or Apple Watch backups, helps you find a lost iPhone, iPad, Mac, or Apple Watch, and can even unlock your Mac. So it goes without saying that if something goes wrong with your Apple Account, you could be in for a world of hurt. Unfortunately, things go wrong with Apple Accounts all the time. Fortunately, Glenn Fleishman, a veteran technology journalist and the author of Macworld's Mac 911 column, is ready to help with expert advice on how to manage your Apple Account, including how to prevent, solve, or work around most common problems. This book is fully up to date with iOS 16, iPadOS 16, macOS 12, Tahoe, watchOS 8, tvOS 16, and other Apple products and services. In this book, Glenn answers questions like: What all is my Apple Account used for? How does my iCloud account relate to my Apple Account? What's two-factor authentication, and how do I manage it and not get locked out of my account? Should I invest in hardware security keys to up the protection of my Apple Account? Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem? Spoiler: yes! What should I do if I have two or more Apple Accounts or iCloud accounts? Will I lose access to all my Apple media purchases if I move to another country? Can I share an Apple Account with someone else? What does an Apple One subscription offer, and how does it interact with Family Sharing and iCloud storage tiers? Is there an explanation for how code-based and hardware-based second factors protect my account, and how they differ from passkeys? Yes! What exactly should I do if I think someone is hacking my Apple Account? How can I recover a forgotten Apple Account password? What happens if I'm assaulted or drugged, and someone gains access to my iPhone passcode and resets my Apple Account? Sadly, a too-real, if uncommon, problem. What steps should I take if Apple locks me out of my account? If I lose access to an email address associated with my Apple Account, what can I do? What Apple Account changes in recent versions of iOS, iPadOS, and macOS do I need to know about? How can I use Family Sharing to share data and purchases within my family? What types of subscriptions can I manage with my Apple Account, and how? Which payment methods can I associate with my Apple Account, and how do I manage them? And that's just the beginning. Glenn has packed a remarkable amount of concise problem-solving information into this comprehensive book. Read it before you encounter Apple Account problems to minimize your risk, and if

you've already encountered a problem read it to find the best path to a rapid solution *An Introduction to Online Platforms and Their Role in the Digital Transformation* OECD,2019-05-13 This report contains detailed profiles of twelve of the world's leading platform companies and derives insights from those profiles about what platforms actually do how they do it and why they succeed financially **macOS Support Essentials 10.13 - Apple Pro Training Series** Arek Dreyer,Adam

Karneboge,2018-01-16 This is the official curriculum of the Apple High Sierra 101 OS X Support Essentials 10.13 course and preparation for Apple Certified Support Professional ACSP 10.13 certification as well as a top notch primer for anyone who needs to support troubleshoot or optimize macOS High Sierra This guide provides comprehensive coverage of High Sierra and is part of the Apple Pro Training series the only Apple certified books on the market Designed for support technicians help desk specialists and ardent Mac users this guide takes you deep inside macOS High Sierra You will find in depth step by step instruction on everything from installing and configuring High Sierra to managing networks and system administration Whether you run a computer lab or an IT department you'll learn to set up users configure system preferences manage security and permissions use diagnostic and repair tools troubleshoot peripheral devices and more all on your way to preparing for the industry standard ACSP certification This is a step by step guide that works through lessons designed to teach practical real world tasks with lesson files let you practice as you learn **How To Make It in the New Music**

Business: Practical Tips on Building a Loyal Following and Making a Living as a Musician (Second Edition) Ari Herstand,2019-11-05 Hailed as an indispensable guide *Forbes* *How to Make It in the New Music Business* returns in this extensively revised and expanded edition When *How to Make It in the New Music Business* hit shelves in 2016 it instantly became the go to resource for musicians eager to make a living in a turbulent industry Widely adopted by music schools everywhere and considered the best how to book of its kind *Music Connection* it inspired thousands to stop waiting around for that big break Now trusted as the leading expert for do it yourself artists Ari Herstand returns with this second edition maintaining that a stable career can be built by taking advantage of the many tools at our fingertips conquering social media mastering the art of merchandising embracing authentic fan connection and simply learning how to persevere Comprehensively updated to include the latest online trends and developments it offers inspiring success stories across media such as Spotify and Instagram The result is a must have for anyone hoping to navigate the increasingly complex yet advantageous landscape that is the modern music industry **Chokepoint Capitalism** Cory Doctorow,Rebecca

Giblin,2022-09-27 A call to action for the creative class and labor movement to rally against the power of Big Tech and Big Media Corporate concentration has breached the stratosphere as have corporate profits An ever expanding constellation of industries are now monopolies where sellers have excessive power over buyers or monopsonies where buyers hold the whip hand over sellers or both In *Chokepoint Capitalism* scholar Rebecca Giblin and writer and activist Cory Doctorow argue we're in a new era of chokepoint capitalism with exploitative businesses creating insurmountable barriers to competition that

enable them to capture value that should rightfully go to others All workers are weakened by this but the problem is especially well illustrated by the plight of creative workers From Amazon s use of digital rights management and bundling to radically change the economics of book publishing to Google and Facebook s siphoning away of ad revenues from news media and the Big Three record labels use of inordinately long contracts to up their own margins at the cost of artists chokepoints are everywhere By analyzing book publishing and news live music and music streaming screenwriting radio and more Giblin and Doctorow deftly show how powerful corporations construct anti competitive flywheels designed to lock in users and suppliers make their markets hostile to new entrants and then force workers and suppliers to accept unfairly low prices In the book s second half Giblin and Doctorow then explain how to batter through those chokepoints with tools ranging from transparency rights to collective action and ownership radical interoperability contract terminations job guarantees and minimum wages for creative work Chokepoint Capitalism is a call to workers of all sectors to unite to help smash these chokepoints and take back the power and profit that s being heisted away before it s too late

Music Business
