BOOK JACKET      *God's Shadow* Alan Mikhail,2020-08-18 An arresting New York Times Book Review revisionist history demonstrating how Islam and the Ottoman Empire made our modern world The history of the Ottoman Empire once the most powerful state on earth ruling over more territory and people than any other world power has for centuries been distorted misrepresented and suppressed in the West With this original and wide ranging Wall Street Journal global history Alan Mikhail vitally recasts the Ottoman conquest of the world through the dramatic biography of Sultan Selim I 1470 1520 Drawing on previously unexamined sources and upending prevailing shibboleths about Islamic history and jingoistic rise of the West theories Mikhail s game changing account radically transforms our understanding of the importance of Selim s Ottoman Empire in the annals of the modern world      *1001 Inventions* Salim T. S. Al-Hassani,2012 Modern society owes a tremendous amount to the Muslim world for the many groundbreaking scientific and technological advances that were pioneered during the Golden Age of Muslim civilization between the 7th and 17th centuries Every time you drink coffee eat a three course meal get a whiff of your favorite perfume take shelter in an earthquake resistant structure get a broken bone set or solve an algebra problem it is in part due to the discoveries of Muslim civilization      *The Elements* Philip Ball,2021-09-27 From water air and fire to tennessine and oganesson celebrated science writer Philip Ball leads us through the full sweep of the field of chemistry in this exquisitely illustrated history of the elements The Elements is a stunning visual journey through the discovery of the chemical building blocks of our universe By piecing together the history of the periodic table Ball explores not only how we have come to understand what everything is made of but also how chemistry developed into a modern science Ball groups the elements into chronological eras of discovery covering seven millennia from the first known to the last named As he moves from prehistory and classical antiquity to the age of atomic bombs and particle accelerators Ball highlights images and stories from around the world and sheds needed light on those who struggled for their ideas to gain inclusion By also featuring some elements that aren t true elements but were long thought to be from the foundational prote hyle and heavenly aether of the ancient Greeks to more recent false elements like phlogiston and caloric The Elements boldly tells the full history of the central science of chemistry      **The Palace of Topkapi in Istanbul** Fanny Davis,1970
