

A shirtless man with a muscular build is shown from the waist up, leaning forward with his arms crossed. A woman with long dark hair is wrapped around his waist, her legs wrapped around his hips. They are positioned on a beach at sunset, with a city skyline visible in the background. The overall mood is intimate and romantic.

**Fire and Flood** Eugene Linden, 2022-04-05 Winner of the American Meteorological Society's Louis J. Battan Book of the Year Award From a writer and expert who has been at the center of the fight for more than thirty years a brilliant big picture reckoning with our shocking failure to address climate change Fire and Flood focuses on the malign power of key business interests arguing that those same interests could flip the story very quickly if they can get ahead of a looming economic catastrophe Eugene Linden wrote his first story on climate change for Time magazine in 1988 it was just the beginning of his investigative work exploring all ramifications of this impending disaster Fire and Flood represents his definitive case for the prosecution as to how and why we have arrived at our current dire pass closing with his argument that the same forces that have confused the public's mind and slowed the policy response are poised to pivot with astonishing speed as long term risks have become present day realities and the cliff's edge is now within view Starting with the 1980s Linden tells the story decade by decade by looking at four clocks that move at different speeds the reality of climate change itself the scientific consensus about it which always lags reality public opinion and political will which lag further still and perhaps most important business and finance Reality marches on at its own pace but the public will and even the science are downstream from the money and Fire and Flood shows how devilishly effective moneyed climate change deniers have been at slowing and even reversing the progress of our collective awakening When a threat means certain but future disaster but addressing it means losing present tense profit capitalism's response has been sadly predictable Now however the seasons of fire and flood have crossed the threshold into plain view Linden focuses on the insurance industry as one loud canary in the coal mine fire and flood zones in Florida and California among other regions are now seeing what many call climate redlining The whole system is teetering on the brink and the odds of another housing collapse for starters are much higher than most people understand There is a path back from the cliff but we must pick up the pace Fire and Flood shows us why and how

**Corrupt Inept Rudderless Politicians** Sat Sharma, 2014-11-24 People living on the Indian subcontinent have been a sharply divided lot for a very long time in spite of belonging to the same established respected older civilization Our divisiveness resulted in inviting repeated assaults by uncivilized Arabs and savages from other parts of Asia This led to foreign subjugation for a millennium first by Islamic invaders and looters then by Europeans who came as traders but became rulers The entry of aliens led to unabashed proselytizing into their newer religions It may not be wrong to say that 99 percent of Muslims and Christians living on the subcontinent are converts from Hinduism that has been more a way of life rather than a watertight religion for two millennia or more This means today's inhabitants are from the same civilization and culturally speaking Hindustanis However a proliferation of alien religions did aggravate and compound divisiveness The British ruled the country for two centuries or so and did the maximum damage to our character morale and psyche After the First War of Independence the British promulgated pretty stiff laws especially the Police Act of 1861 to keep their slaves

under tight leash Worse still they introduced Macaulay system of education in English to wean us away from our cultural moorings heritage literature moral values and our own Sanskrit language Indian social religious and educational reformers Raja Ram Mohan Roy Swami Sahajanand Bankim Chandra Chatterjee Swami Dayanand Sarasvati Swami Vivekananda and Rishi Aurobindo Ghosh as well as the likes of them brought back the pride of our civilization and culture Their influence was apparent from the beginning of 19th century in the fields of politics public administration and education as well as strengthening Hinduism This first awakening from slumber or hibernation ignited the minds of revolutionaries who selflessly and untiringly worked hard on the soils of the subcontinent and the foreign lands culminating in throwing out deeply entrenched British lock stock and barrel Not so nationalistic but opportunistic Congress party led by their self serving trio of stalwarts Gandhi his adopted son Nehru and lieutenant Patel got the subcontinent partitioned and formed government in divided India Congress party ruled but NOT served Hindustan for 90 percent of the time since independence by strictly following British Divide and Rule policy to perfection without changing improving archaic British laws Being communal Congress aggravated the divisiveness thus bringing untold misery to the masses in the form of communal strife and Hindu Muslim riots repeatedly The prolonged misrule by those corrupt inept rudderless politicians including the decade under its economist dummy PM heading the most corrupt and arrogant government ever in the history of independent country brought in lawlessness fragile environment grossly inadequate infrastructure increasing terrorism and Maoism Naxalism ever mounting inflation sky rocketing corruption gargantuan scams bankrupt economy policy paralysis stalling of reforms and what not The absolute number of the poor today is far more than total population of newly born country in 1947 This grave crisis like situation warranted a second awakening in 21st century Expectedly Hindustanis rose to the occasion once again decimated the corrupt Congress and voted for a change by electing a visionary strong and honest PM from BJP with a thumping majority This gentleman is a dynamic focused highly optimistic staunchly nationalistic real leader unlike the pygmies of Congress The task ahead is dauntingly stupendous Modi started showing promise during his first 60 days The damage done in 60 years may take ten years if not more to repair and actual proper turnaround thus placing this once great country on track to reclaim its lost genuine glory Although independence was ushered in 67 years ago yet freedom is still awaited That will require imminent electoral intellectual judicial police political and social reforms together with building moral character and bringing meritocracy in every appointment by doing away with the Congress policy of favours quotas and reservations for the undeserving Very much like Narendra Modi the first PM to be born after independence and heading the youngest India educated ministry all of us have to remain optimistic and vigilant We must perform our duties diligently as law abiding faithful but demanding citizens alive to the times **Fire Line** Michael Thoele,1995 Fire Line looks at the entire world of Western wildfire with a strong human interest focus on the self described adventurers and adrenaline junkies who go to battle in the West s annual summer war Although its viewpoint is contemporary it also deals with the historical
