T.C. Boyle's "The Tortilla Curtain" Laura Schomaker, 2013-08-27 Master's Thesis from the year 2013 in the subject American Studies Culture and Applied Geography grade 1 University of Duisburg Essen Department of Anglophone Studies course American Studies language English abstract Los Angeles the Californian megalopolis is famous for its sunny weather for the Hollywood film studios and for being the residence of the rich and beautiful And although or precisely because all this is more illusion than reality the city frequently serves as setting for various pieces of fiction However Los Angeles does not only play a huge role in the media but since lately also in the realm of urban studies Having long been a kind of outsider in the field it is now regarded as a prototypical example for urban development by the L A School In this context its image is less sunny and positive but reveals a deep rooted racism against Latin American immigrants in combination with a fortress mentality on the part of its white population as well as a unique urban ecology in which natural catastrophes seem to be regular occurrences This paper now intends to outline the significance of Los Angeles in urban studies and trace the thereby acquired findings in a fictional representation of the city T C Boyle's novel *The Tortilla Curtain* In the process it is shown how urban conditions racism and nature especially in the form of ecological disasters intersect and influence each other All in all this work brings together urban studies and fiction Thereby it examines how *The Tortilla Curtain* as a fictitious representation of Los Angeles partly reflects the reality of the metropolis as well as urban theory In this sense it is concluded that fiction can be an important account of urban problems and their possible solutions and that *The Tortilla Curtain* has therefore a social and a political message *The Cambridge Companion to the Literature of Los Angeles* Kevin R. McNamara, 2010-05-06 Los Angeles has a tantalizing hold on the American imagination Its self magnifying myths encompass Hollywood glamour Arcadian landscapes and endless summer but also the apocalyptic undertow of riots environmental depredation and natural disaster This Companion traces the evolution of Los Angeles as the most public staging of the American Dream and American nightmares The expert contributors make exciting innovative connections among the authors and texts inspired by the city covering the early Spanish settlers African American writers the British and German expatriates of the 1930s and 1940s Latino and Asian LA literature The genres discussed include crime novels science fiction Hollywood novels literary responses to urban rebellion the poetry scene nature writing and the most influential non fiction accounts of the region Diverse vibrant and challenging as the city itself this Companion is the definitive guide to LA in literature **New York Magazine** ,1995-10-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Encyclopedia of Contemporary American Fiction, 2 Volumes* Patrick O'Donnell, Stephen J.
